# Ohio Legislature Passes Highway Billboard Law, Ends Its Special Session

## Defense Dept. Lauds Telephone Firm

**SERVICE TO RESERVE WINS AWARD.** Clare E. Williams, president of the General Telephone Co. of Ohio, and Maj. Gen. Ralph W. Zwicker, commander of the U. S. Army 20th Reserve Corps, display the Defense Reserve Award Certificate and pennant presented to the telephone company Friday afternoon. Admiring the award (left to right) are: Milo J. Warner, a Cleveland attorney and civilian aide for Ohio to the secretary of the Army; Maj. Gen. Leo M. Kreber, adjutant general of Ohio; Everett H. Kreuger, chairman of the PUCO; Mr. Williams; Robert H. Jamison, Cleveland attorney and a civilian aide-at-large to the secretary of the Army; Gen. Zwicker, and Col. Theodore Kimpton, deputy commander of the 20th Reserve Corps.

## Brush-Moore Buys Paper in Hanover, Pa.

### Evening Sun Becomes 9th Member of Group Which Includes Star

The Evening Sun at Hanover, Pa., today joined the Ohio and Maryland group of newspapers owned by Brush-Moore Newspapers, Inc.

Control of the Pennsylvania paper passed to Brush-Moore through a wholly-owned subsidiary, Penn-Mar Publishing Co., by purchase of majority shares from L. B. Sheppard, his three daughters and brother and from five business and editorial executives of the Evening Sun.

Transfer of the remaining shares held by two minority stockholders will take place at a later date.

**Will Succeed Sun Co.**

The new company will succeed The Evening Sun Co. in corporate conduct of the newspaper property.

The Evening Sun, published daily except Sunday, becomes the ninth paper in the Brush-Moore group and the first to be acquired since 1937, when the Salisbury Times at Salisbury, Md., was purchased.

Brush-Moore's Ohio papers are the Canton Repository, Salem News, East Liverpool Review, Steubenville Herald-Star, Marion Star, Portsmouth Times and Ironton Tribune. The company also operates radio station WHBC in Canton.

**Shoe-Making Center**

Hanover is a shoe-manufacturing, horse-breeding community of 18,000 located in the rich, rolling hills of southern Pennsylvania near the Maryland border, 18 miles southwest of York and 14 miles east of Gettysburg.

The Sun's area of service is York and Adams counties in Pennsylvania and Carroll County in upper Maryland. Subscribers in Hanover, Westminster, Md., 40 additional towns and the rural routes give the paper a circulation of more than 25,000.

Mr. Sheppard, who has long served the publishing company as its president, is president of the Hanover Shoe Co. (manufacturers and retailers) and of the 2,000-acre Hanover Farms, world's largest horse-breeding establishment, which specializes in pacers and trotters. He also heads the United States Trotting Assn., which he helped organize in 1938.

The Sun's editors and business executives will remain in their administrative posts with the newspaper. No changes in the Sun's editorial, business or mechanical departments are anticipated.

### Top Military Officials Here

## Company Given Award For Work With Reserve

The General Telephone Co. of Ohio Friday afternoon became one of a select few Ohio business concerns to receive a Defense Reserve Award Citation from the U.S. Department of Defense.

Presentation of the citation, and a pennant which the company may fly above its offices here, was made at a luncheon in Hotel Harding by Maj. Gen. Ralph W. Zwicker commander of the U.S. Army Reserve Corps, which has headquarters at Fort Hayes, Columbus.

—:—

**THE AWARD WAS** accepted for the company by Clare E. Williams, president, who also spoke on "Communications—Key To Progress."

A number of other top Army reserve officers and state, local and company officials were among the 70 persons attending the affair. Other government officials unable to attend sent letters commending the company for its support of the Army reserve program.

The citation presented by Gen. Zwicker on behalf of the secretary of defense reads:

"The General Telephone Co. of Ohio . . . is cited for outstanding cooperation with the reserve program of the armed forces. By its personnel policies of hiring, promoting and transferring reservists without discrimination and granting military leave in addition to regular vacation periods with compensation for any pay differential during tours of reserve training, its employes have been encouraged to participate in reserve activities.

—:—

**"FURTHER,** by making available schools, equipment, texts, transportation, instruction and quarters for training to reserve units, employes have been immeasurably assisted to better fulfill their reserve obligations.

"The utilization of its house organ, the 'Ohio General News,' to publish pertinent reserve news and information has afforded reserve affairs generous publicity.

"The excellent cooperation of the General Telephone Co. of Ohio with the reserve program is worthy of commendation and reflects the utmost credit upon its management at all echelons."

Only nine other Ohio companies have been chosen to re-

## Third Escapee Is Caught in Pendleton, Ky.

Duane E. Gulley, 21, of Indiana, one of three inmates who escaped from the Marion Correctional Institution early June 13, is behind bars in Kentucky today, Lamoyne Green, institution superintendent, reported this morning.

His capture by sheriff''s deputies in Pendleton, Ky., brought to an end his two-week freedom and marked apprehension of the last of the three who crawled out of a hospital window and scaled the institution fence in a rainstorm.

Gulley's two companions, Herman E. Williams, 31, formerly of the Montgomery, W. Va., area, and James R. Murphy, 25, believed to be from Cleveland, were picked up Wednesday in West Virginia while sleeping in a stolen car. They are being held by West Virginia authorities in connection

## Inquiry Starts Into Crash of Stratotanker

### Top-Level Air Force, CAA Groups Begin Searching Wreckage

WESTOVER AIR FORCE BASE, Mass. (AP)—Top-level investigating teams from the Air Force, the Civil Aeronautics Administration and the aviation industry today sifted the wreckage of a huge jet Stratotanker to determine what caused a crash that took the lives of 15 men.

The big tanker, one of four KC135s scheduled to streak to England to break transatlantic round trip records early Friday, crashed and exploded seconds after takeoff. Two similar planes that took off before her broke the west to east record. A fourth, poised on the runway, did not take off because of the tragedy

The plane snapped high tension wires 70 feet above the ground and plummeted to earth in the after-midnight darkness. Its cargo of highly volatile fuel—estimated the equivalent of three-and-a-half railroad tank cars—exploded into an inferno.

Instantly killed were six newsmen, seven crewmen, and two observers from the National Aeronautics Assn. The dead included Brig. Gen. Donald W. Saunders of Athens, N. Y., airborne commander in charge of the operation.

The White House said President Eisenhower was shocked at the news. Press Secretary James C. Hagerty said he and Eisenhower were particularly saddened that the crash took the lives of six American newsmen.

The two jet tankers that took off before the crash broke all New York to London speed records, flying the 3,337 miles in less than 5½ hours.

## Senate To Vote On Alaska Bill

### Ballot Next Week Is Predicted by Backers

WASHINGTON (AP) — Heartened by preliminary victories, backers predicted today the Senate will vote next week to make Alaska the 49th state.

Sen. Henry M. Jackson (D-Wash), floor manager for the statehood bill, said he expected Senate passage of the measure by a 2-1 margin without change from the form already approved by the House. Jackson forecast passage by next Wednesday.

Sen. Mike Mansfield (D-Mont), acting majority leader, called the Senate to meet earlier than usual Monday. He served notice it would work late and promised an early starting hour again on Tuesday. Mansfield said he plans to stay with the admission bill until it is disposed of.

### Atomic Bill Readied

WASHINGTON (AP)—Only final Senate approval is needed to complete congressional action on President Eisenhower's proposal to share atomic weapons information and material with U. S. allies.

The House voted Friday to accept a compromise of relatively minor differences between Senate and House versions of the measure. The Senate is expected to act the first of next week.

## Rebels Step Up Attack in Tripoli Area

### Fighting in Lebanon Intensifies, 8 Killed And 20 Are Wounded

BEIRUT (AP)—A battle raged for more than 12 hours overnight in Tripoli between government and rebel forces, insurgent sources reported today.

Eight persons were killed and about 20 wounded—many of them bystanders caught by stray bullets—the reports from the northern port city said.

Maan Karami, brother of the northern rebel leader, Raschid Karami, said that it had been the most violent night for Tripoli since the Lebanese crisis began 50 days ago.

**Brace for New Attacks**

Lebanese security forces were braced for new onslaughts after stopping four rebel attacks Friday in the gravest challenge so far to President Camile Chamoun's pro-Western government.

The battle in Tripoli began at 10 p.m. Friday night when armed men infiltrated close to security forces positions, Karami said.

The shooting began to subside this morning, but at noon the thunder of artillery still could be heard in the hills surrounding Tripoli.

Security forces reportedly used heavy artillery frequently during the battle. It was the third straight day of heavy fighting around Tripoli.

An army communique reported the attacks were put down Friday with the help of jet planes, artillery and armored cars — one of the army's biggest shows of strength during the seven-week rebellion.

**Heavy Fighting Breaks Out**

Heavy fighting broke out in the morning and again in the afternoon in the capital's Basta Moslem quarter. Armored cars wiped out a rebel street barricade to claim one victory.

At Rasheiya in southern Lebanon, the communique said, an attack on the army garrison was driven off in a sharp exchange of gunfire. Another attack at the north Lebanese port of Tripoli was stopped, the army said, after rebels advanced within 50 yards of army positions.

The communique also claimed that government troops, outnumbered 5-1, turned back a heavy rebel assault on Mt. Tereol in the north with aerial and artillery support.

**Rebels Claim Large Area**

The rebels claim control of three-quarters of this Middle Eastern republic, which is smaller than Connecticut, and say they will keep fighting until Chamoun quits. The president, whose term expires in mid-September, has conceded the rebels dominate at least one-quarter of Lebanon.

Chamoun has accused President Nasser's United Arab Republic of sending in arms and men to aid the rebels. A U.N. observer team established to investigate the charges said Thursday it had found some aid coming in from the U.A.R.'s neighboring Syrian province.

The observers said they believed they could shut off the U.A.R. aid. U.N. Secretary General Dag Hammarskjold, who was in the Middle East for week recently checking on the situtions, reportedly believes the observer teams are making satisfactory progress.

**FIREWORKS LIGHT BRIDGE.** Fireworks explode over the Mackinac Bridge at St. Ignace, Mich., early today during a limited predawn display. A scheduled firing over Mackinac City, Mich., was canceled unexpectedly, and because dedication officials failed to notify photographers and spectators, they missed the show. The special display was staged so that complete picture coverage of the event would be possible. (UPI Telephoto)

### Engineers Seized in 'Reprisal'

## Cuban Rebels Kidnap 10 Americans, 2 Canadians

HAVANA, Cuba (AP) — Rebels who kidnaped 10 U. S. and two Canadian engineers from a mining camp told an American wife that the men would be treated well and released after a few days.

The Cuban government tried today to get the men back. U. S. Ambassador Earl E. T. Smith said he expects "the men will be released fairly soon and unharmed."

The men were abducted from Moa on Cuba's northeast tip Thursday night by 200 rebels who the U. S. State Department said were commanded by Raoul Castro, brother of rebel chief Fidel Castro. Three Cubans were killed.

Fidel Castro has been trying since December, 1956, to overthrow President Fulgencio Batista by attacks from the Sierra Maestra, 100 miles southwest of Moa, although his forces have not been very active since defeats in April. Castro has accused the United States of helping Batista.

Mrs. John Schissler, wife of a kidnaped California engineer, said a rebel leader told her the men were taken in reprisal for the alleged U. S. aid but they would be well cared for and released in a few days.

Officials of the Moa Bay Mining Co. reportedly went into the hills to dicker for release of the engineers. The officials expressed confidence that Castro would turn them loose when they pointed out that the incident was bad publicity in the United States.

### Seeks Truth in Goldfine Case

## Investigator To Demand Industrialist's Records

WASHINGTON (AP) — Rep. John B. Bennett (R-Mich) said today he will insist that House investigators get all of Bernard Goldfine's records to find the truth amid conflicting statements in the Sherman Adams controversy.

"That's the one way we can corroborate all these things," said Bennett after hearing fresh testimony from Boston businessman John Fox about relationships between Goldfine, millionaire Boston industrialist, and Adams, President Eisenhower's top aide.

**Draws More Denials**

Fox's new testimony under oath drew more denials.

Bennett, a member of the subcommittee checking relations between Goldfine and Adams, spoke in an interview as the House group appeared to be in disagreement over whether to question Fox in secret when Fox returns to the witness stand Monday.

Friday Fox, who published the now-defunct Boston Post, quoted Goldfine as having told him that Goldfine had bought a Washington house for Adams and had given checks to Adams regularly before Adams came here with Eisenhower in 1953.

**'Falsehoods' Assailed**

"Falsehoods," replied Presidential Press Secretary James C. Hagerty on both counts.

Hagerty said Adams has rented two houses he has lived in since coming to Washington and that Goldfine never sent any checks to Adams.

NBC commentator David Brinkley said Friday night a title search showed the house now occupied by Adams has been owned

## Ban Adopted After Heated Senate Fight

### Governor Is Granted Virtually All of His Legislative Requests

COLUMBUS, Ohio (AP) — Sixteen Ohio Senate Republicans and six Democrats Friday night approved a law banning billboards on new sections of the interstate highway system. The House accepted Senate amendments 88-13. That finished the job.

Six Democrats and three Republicans opposed the controversial measure as a high-pressure special session of the Legislature ground to a halt after being in session off and on for about 35 hours in a period of 58 hours since it convened.

**Act Despite Warnings**

The billboard ban was adopted despite warnings of constitutional complications and several hours of eloquence to the contrary not withstanding.

Curbstone summary of the political effects of the special session: No one gained much, no one lost much.

Just before adjournment, the Senate confirmed a batch of Gov. C. William O'Neill's appointments.

They included Herman H. David of Cleveland Heights as a Democratic member of the State Board of Liquor Control. He was confirmed 19-0 after Democrats questioned whether he actually is a member of their party. He was an O'Neill supporter in 1956.

**Ketner Confirmed**

Also confirmed on the third time his reappointment was submitted to the Senate was Forest G. Ketner, Ohio State University trustee. He squeezed through on an 18-0 vote. He needed 18 votes for confirmation.

Another confirmation continued Carl G. Smith of Kenton as the Democratic member of the State Civil Service Commission. The vote was 21-0.

**Other Action**

The special session of the Legislature accomplished these other things:

It approved a 13-week extension in the present 26 weeks of eligibility of jobless workers for unemployment compensation.

It appropriated an extra six million dollars for poor relief to enable the state to continue matching local relief spending dollar for dollar.

It corrected a defect in a law governing the spending of 10 million dollars in state funds for class-

## Auto Industry, UAW Conduct Weary Truce

DETROIT (AP) — The United Auto Workers Union today completed four weeks of a shaky labor truce in the auto industry.

Since June 1, some 400,000 UAW members have been working without contracts at General Motors, Ford and Chrysler. Many are not working full time because of curtailed production.

UAW members are under orders from President Walter P. Reuther not to strike.

An outbreak of incidents heightened tension Friday as the union continued deadlocked contract negotiations with all three companies. No progress was reported as talks were recessed until Monday.

Chrysler said it plans to resume production Monday at its Plymouth body and assembly plants in Detroit, where 5,400 employes were idled by a labor dispute.

General Motors charged a continuance of sabotage at its Fisher body plant in Kansas City. UAW members picketed a Ford Motor Co. office building in Dearborn. But GM and Ford said production was not halted at any of their plants.

### Fair, Warmer Weather Predicted for Tomorrow

The mercury hit a high of 78 Friday, dipped to an overnight low of 50 and was back to 76 at noon today, en route to an anticipated high of 84.

Fair skies, a few clouds and warmer temperatures are in the weather outlook for tonight and Sunday. Tonight's low is expected to be 58, with a high Sunday of perhaps 87.

### British Poet Dies

ISLE OF WIGHT, England (AP) —Alfred Noyes, 77, a robust British writer who made a living on poetry, died in a hospital today.

Probably his best known poem was "Kew In Lilac Time." Another, "The Highwayman", was made into a movie.

### Ownership Disputed

## Sea Lion Achieves Fame By Week of Wandering

TOLEDO, Ohio (AP)—It might perk up the lagging appetite of Cyril, the year-old sea lion, if someone told him today the headlines he's earned in his vagabonding of the last week have made his famous.

And being famous is synonymous with being valuable in the show business — whether it's in the Toledo Zoo, where he's now housed in a bear cage and where the admission charge is 50 cents, or back in Springbank Park at London, Ont., where he escaped the night of June 19 and where the customers pay a quarter.

**Each Seeks Ownership**

If Cyril knew how officials of each zoo pressed claim of ownership to him Friday, arguing to a stand-off, he might not even feel so miserable about the welts on his hide. These blemishes are apparently after-effects of tranquilizer drugs Toledo Zoo men fired into him with a dart gun Friday to make his capture easy.

**Feels Toledo Has Right**

The London Public Utilities Commission, which operates the zoo there, sent two of its members here for a conference late Friday with Director Phil Skeldon of the Toledo Zoo. Asst. Chairman Earl Nichols, accompanied by his 10-year-old daughter, Mary Sue, and Commissioner Stewart Killingsworth returned home Friday night with their mission unaccomplished.

"Personally, I feel he now belongs to the Toledo Zoo," said Skeldon, who has spent most of this week playing hide-and-seek

## Calvary EUB

Calvary Evangelical United Brethren Church will join in the Union Vesper Services on the lawn of Central Christian Church Sunday evening, with the church pastor, the Rev. Clyde R. Wendell, bringing the sermon message.

The Rev. Wendell's sermon for the morning worship service at the church will be "The Temptations of Middle Age." Music will include organ selections, "Air" by Bach and "Consolation" by Liszt, and the anthem, "Nature's Anthem of Praise" by Sullivan.

Mrs. Fred Dutt will have charge of the 10:15 junior church service in the church auditorium.

The Senior Youth Fellowship will meet at the parish house Sunday at 6 p.m. for a devotional service and at the church at 8 p.m. for a social hour. The intermediates meet at the parish house at 8.

Senior choir rehearsal at 8:30 will follow the Wednesday night prayer service on "Resources of the Church" led by Charles Chappell. The prayer service is at 7:30.

A dessert luncheon will precede a business meeting of the Fidelia Circle of the church at the parish house, Thursday at 1 p.m.

The orchestra rehearses Saturday night at 7:30. Communion will be observed Sunday, July 6, during the morning worship hour.

## Prospect St. Methodist

"Interview at Jerusalem" will be the third in a series of sermons by the Rev. Ray C. Dotson, pastor of the Prospect Street Methodist Church, on Interviews with Jesus.

Guest soloist for the morning worship hour, Howard Orr, will sing "It Took a Miracle" by Peterson.

Nine senior youth of the church leave Sunday for Lakeside to participate in the Methodist Youth Institute. Mrs. Albert Bechtle is their counselor.

On Thursday afternoon the Women's Society of Christian Service meets in the church parlors.

The pastor has announced that a communion service will be held Sunday, July 6.

## Central Christian

Dr. Herald Monroe, executive secretary of Ohio Christian Missionary Societies, will be guest speaker at the Sunday morning worship service at Central Christian Church. His sermon theme is "The Mission of the Church."

Mrs. C. W. Davis will be guest organist with Ed Paulin serving as worship leader.

The junior department will occupy the white ribbon pews at the church this Sunday.

Vesper services will be held on the lawn of the church at 7 Sunday night with the Rev. Clyde Wendell, pastor of the Calvary EUB Church, bringing the message, and David Jones, executive secretary of the Marion YMCA, as worship leader.

## Maranatha Bible

Miss Vera Trent, a senior at Moody Bible Institute, will be soloist for the Sunday morning worship service at the Maranatha Bible Church, and will conduct the youth meeting at the church at 6:30 Sunday night.

The sermon topic for the morning service is "Qualifications of a Priest."

At a Bible School program, Sunday night at 7:30, demonstrations will be given by the beginner, primary, junior and intermediate departments of the school. Certificates will be presented and awards will be made.

The church's Bible School will close the study of the organization of Israel on Sunday and will begin the third quarter of study in historical books, Sunday, July 6.

The church heads have announced that the Maranatha Bible Camp is being used almost daily by some group and is available to any Christian organization.

## St. Paul Lutheran

Trinity St. Paul Lutheran Vacation Bible School ended Friday with 190 children, aged 3 to 14, having attended. The closing exercises brought out a crowd of more than 300 adults.

Thirty-three teachers and assistants, under the supervision of Pastor S. E. Stein, guided the children in the "Let's Learn About God" series. Refreshments were provided each day by church women.

## Educator Dies

LINCOLN, Neb. (AP) — Doctor Louise Pound, 86, scholar, author, and educator, died today. She was a sister of Dr. Roscoe Pound, famous authority on law and former dean of Harvard Law School.

## The Crying Room

A young mother and father of our acquaintance has come up with a most interesting method of handling one of their disciplinary problems with their children.

If Karrie, 4, starts to cry because she is not allowed to do something she wants to do, she is sent immediately to the crying room.

Even little Jamie, who is only 2, knows about the crying room. The moment he starts to cry he takes off down the hall to the bedroom that is designated for this purpose.

Of course, if one of the children is hurt or does not feel well, that's something else again. In such cases, he receives the personal attention and sympathy he deserves.

But in matters of discipline, there is only one place where crying is permitted — the crying room.

-:-

**THIS IS QUITE** an idea! The child goes to the crying room alone and soon finds there is no satisfaction in crying all by himself. There is no one to impress with his tears, no one to win over to his cause, no one to feel sorry for him.

Consequently the storm blows over in a few seconds and the child gladly returns to take his place in the family circle.

This idea could be put to use in many instances in life other than the disciplining of small children. Adults very well might apply it to their conflicts of interest with one another in the home, throughout the neighborhood, on the job, in numerous daily contacts that strain personal relationships and test patience and understanding.

-:-

**COMPLAINING** isn't very effective unless there is someone to listen. Quarreling doesn't get very far if there is no one to quarrel with.

We would do well to remember this example from the father and mother of Karrie and Jamie. Let the person who insists on "crying" about his lot in life do his crying alone; let him do his complaining and quarreling to himself. He won't get much satisfaction from it. Perhaps in time he will change his ways.

By the same token, if we will but recognize the tendency to feel sorry for ourselves when that tendency first appears, and take off "down the hall" to our own personal crying rooms and "cry it out" alone, the storm soon will blow over and we will find that it is good to be accepted once again into the circle of friends and associates where we belong.

# What I Think of Christ

## A Sermonette

By REV. PAUL PUSEY

Pastor of Kensington Place Church of the Nazarene

**"What think ye of Christ?" (Matt. 22:42).**

For two thousand years Christ has been inseparably connected with the history of the world. The fact of his coming is as well established as any other truth of history. It is no more certain that Casesar, Charlemagne, or Alexander lived than that Christ lived. But notice, I said that Christ is connected with the history of the world. As someone has pointed out, China, India, and Japan have their Buddha; the Hindus their Brahma; but the world has her Christ.

Germany has her Bismarck; England her Gladstone; China her Li Hun Chang and Chiang Kai shek; the United States her Washington, but no one ever thinks of localizing or nationalizing Christ. His name has a universal sweep; he belongs to all the nations and all the ages. His birthday is celebrated the world around. Jesus stands alone; the one unique God-man of all history. There is only one Rose of Sharon, only one Bright and Morning Star, only one Lily of the Valley, only one Lion of the Tribe of Judah.

Jesus has put life into the religion of the world; he has been the driving force behind the Church; he has so influenced the literature, art, and song of the world until his removal would take away all that is worthwhile in those fields. He has meant much to the truly great men of the world. But I want to speak from a personal standpoint in answering the question of the text, "What think ye of Christ?"

-:-

**I THINK OF CHRIST** as one who loves me intensely. He loved me in the past when I was least deserving of that love; when I was unlovely and unlovable, stiff-necked and stubborn, hard of heart and rebellious. It is easy to understand the exclamation of the Apostle John: "In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him. Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins" (I John 4:9-10). The Apostle Paul gave utterance to the same truth when he declared, "God commendeth his love toward us, in that, while we were yet sinners, Christ died for us" (Rom. 5:8).

Yes, Christ loved me in the past, but, thank God, he loves me right now, in the present. The biblical invitation to all of God's children is to cast "all your care upon him; for he careth for you."

-:-

**THIS LOVE OF CHRIST** for his own stretches out eternally into the future. Hence the challenging question of Paul: "Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? As it is written, For thy sake we are killed all the day long; we are accounted as sheep for the slaughter. Nay, in all these things we are more than conquerors through him that loved us. For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord" (Rom. 8:35-39).

This divine love of Christ was made manifest in the past, is to be experienced in the present, and is projected eternally into the future. Such love defies imagination and beggars description.

I think of Christ, not only as one who loves me intensely, but also as the one who is my saviour; for Jesus came "to seek and to save that which was lost." The prophets of old looked forward to the time when there would be a "fountain opened to the house of David. . . for sin and for uncleanness." That fountain was opened when the strong - armed Roman soldier plunged his spear into the tender side of the Son of God as He hung voluntarily upon the cruel cross of Calvary.

By his sacrificial death on the cross, Jesus has made provision for the salvation of all men everywhere; "Whosover shall call upon the name of the Lord shall be saved."

It is not necessary to know all the theology and doctrine of the church in order to be saved; but it is necessary to know Jesus. When an individual knows him in the forgiveness of sins, and is released from his former bondage to sin, he becomes a "new creature (in Christ); old things are passed away; behold, all things are become new." I am glad I can say I know him as my Savior today.

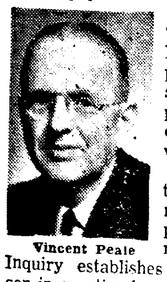
# Confident Living

By NORMAN VINCENT PEALE

## *The Wonders of the Mind*

A woman says, "I saw in the paper that so - and - so died of a heart attack." She is asked, "What paper?"



Vincent Peale

She replies, "I don't rightly know what paper, but I saw it in the paper." She quotes the item verbatim.

A search of the files of newspapers discloses no such item. Inquiry establishes that the person in question has not had a heart attack. But, three days later, that person dies of heart failure and the newspaper story reads exactly as the woman had quoted it in advance.

Black magic? No—but could it be precognition?

**A LITTLE** four-year-old girl, during World War I, calls to her mother: "Mommy, Daddy is choking to death! He is down a deep hole!"

Later investigation ascertains that the child's father, at that exact moment, had been down in a cellar under gas attack.

Witchcraft? No — but possibly clairvoyance!

A middle-aged man is driving his car along a New Jersey highway when he feels a terrible pain in his chest. It is so excruciating that he stops his car, thinking he is suffering a heart attack, but eventually it passes.

A few hours later, he learns that his son, driving in Colorado, had been killed at that exact moment, his chest crushed by the wheel of his car.

Coincidence? Not necessarily—but maybe telepathy!

**THIS IS THE KIND** of story that is currently being investigated by Dr. J. B. Rhine of Duke University, who has pioneered in the development of a new science called parapsychology, the systematic study of the mental activity of man or other activity that must be perceived by means other than the physical senses. What are these things that he describes as precognition, clairvoyance, telepathy? What could they prove? Well, Dr. Rhine believes that these are only some of the powers of the human soul ranging the universe without obstruction of space and time.

Now, of course, there are always people who will respond to such a thought with the flat assertion, "It's impossible." Yet their only reason for saying it is impossible is that they have never heard of it before. Last year I met the man who developed the automobile radio. The banker he went to for the loan he needed in getting car radios into production told him: "I never heard of such a preposterous idea! The time will never come when they will have radios in automobiles!" That is how an unimaginative mind often responds to anything that is new.

**I AM A MINISTER** of religion, and, as such, I believe that there is something in man beyond the physical, beyond the material. As Joseph Wood Krutch recently pointed out, if man is really the mere inevitable culmination of an improbable chemical reaction, then, the fact that he has been able to trace himself back to it is indeed remarkable. The idea that a chemical can understand its own nature is actually staggering.

There is more to man than that—and it is always good news to know that science is confirming what religion has always known!

## Science Teacher Asked To Develop Top Talent

COLUMBUS, Ohio (AP) — Elementary and high school science teachers should concentrate on the outstanding scholar and not concern themselves too much with average students, says an Ohio State University professor.

Dr. Thomas E. Tice, director of Ohio State's antenna laboratory, told the National Science Teachers Assn. Friday that the task of producing outstanding students for future scientific leadership is the science teacher's primary duty.

About 200 teachers from a score or more states are attending the two-day annual summer conference. The agenda for today's concluding session called for morning workshop sessions and a noon luncheon meeting.

Art Johnson, Michigan State halfback, averaged seven yards per try while rushing during 1957.

## Swift House Okay Given Legislation To Aid Railroads

WASHINGTON (AP) — Legislation designed to aid the nation's financially - distressed railroads has won overwhelming House approval.

The measure, which includes provision for a government-guaranteed loan program, was passed Friday 348-2.

If the Senate, which has passed a similar bill, refuses to accept the House version a conference committee is expected to seek a compromise.

Unlike the Senate bill, which sets a 700 million dollar limit on the amount of government-guaranteed loans to the railroads, the House measure carries no limit on the amount of loans that may be outstanding at one time.

## 2 Rubber Union Locals Are Given Strike Authority

AKRON, Ohio (AP)—Authority to call strikes against the Goodyear Tire & Rubber Co. and B. F. Goodrich Co. has been given contract negotiating committees by two large Akron locals of the United Rubber Workers Union.

The union announced Friday that the 13,000 - member Goodyear local voted 5,138 to 986 in favor of authorization. Goodrich Local 2, with 8,000 members, approved strike calls by a vote of 3,589 to 348.

Contract negotiations with the two firms, which employ a total of 38,000 workers, are being conducted at Cleveland. Wages, pensions and insurance benefits are being discussed.

The union also is negotiating with the U.S. Rubber Co., and the Firestone Tire & Rubber Co., other members of The Big Four of the rubber industry.

Negotiations are being conducted under a wage re-opening clause in a contract that expires next April.

The union is asking a substantial wage increase in addition to the other benefits, but has not announced the amount. The average hourly wage at the Goodyear and Goodrich plants is now $2.51.

### Surgery Successful

LOS ANGELES (AP)—Doctors tell Verna Mae Ainsworth that in all probability she has a normal life expectancy. The 17-year-old wife of a young sailor had little chance for a normal life before doctors sewed up a hole in her heart chamber. Thirty shipmates of James Ainsworth, a 21-year-old fireman from the cruiser Helena, donated 30 points of blood for the operation.

### $203,000 Inheritance Gone

## *Minister, Errant Wife Reconciled; Man Held*

ST. LOUIS (AP)—A clergyman has taken back his errant wife whose brief romance with an ex-convict cowboy came to light after the cowboy was arrested on charges of defrauding her of a $203,000 inheritance.

The Rev. James A. Doubleday, 39, and his wife emerged solemn-faced from their suburban Kirkwood home to see newsmen Friday.

The clergyman, rector of Grace Episcopal Church in Kirkwood, would say only that there had been a reconciliation and "there will be no divorce."

He would not let reporters question his wife, Mrs. Barbara Fox Doubleday, 33.

**Had Sought Divorce**

Mrs. Doubleday, mother of two, went to Reno four months ago and filed suit for divorce. There she took up with Raymond Lewis Headspeth, 37, a husky, tattooed former Texan working on a dude ranch.

The FBI said she cashed $200,000 in bonds, which she inherited last spring from her grandfather, and went with Headspeth to Tucson, Ariz., where they registered at a motel eight days ago.

Next morning she found her cowboy friend, her money, car and other belongings were gone. She went to the FBI Monday.

Headspeth, seized in Miami Thursday after attracting notice by his free spending, insisted she gave him the money.

"I reckon she'll have to come to Miami to testify for me," he said. "An' I reckon I better not say any more till I talk to my lawyers."

**Federal Warrant Issued**

The dude ranch hand, whose record includes convictions for forgery, grand larceny and auto theft, is charged in a federal warrant with traveling across state lines with the clergyman's wife in order to defraud her.

At Miami he had acted as if he had nothing to hide. He bought an expensive, conspicuous sports car and deposited $184,000 of the money in a hotel safe deposit box in his own name.

When Mrs. Doubleday filed suit charging the minister with mental cruelty, he called a special meeting of the church's vestrymen, the governing body, and offered to resign. The vestrymen refused to accept his resignation.

In her Reno divorce suit, Mrs. Doubleday asked that her husband be given custody of the couple's two sons, 6 and 8.

### O'Neill Opens Series Of Campaign Speeches

LEBANON, Ohio (AP)—Gov. C. William O'Neill, opening a series of campaign appearances, said here Friday night that "our slogan, whether Democrats, Republicans or independents, in this campaign ought to be 'Keep Ohio First.' "

The governor said that Ohio had been near the lowest states in highway building and construction of mental hospitals, but that under his administration, the state rose to first in the nation in both areas.

O'Neill spoke to a crowd of 5,462 at Warren County Fairgrounds.

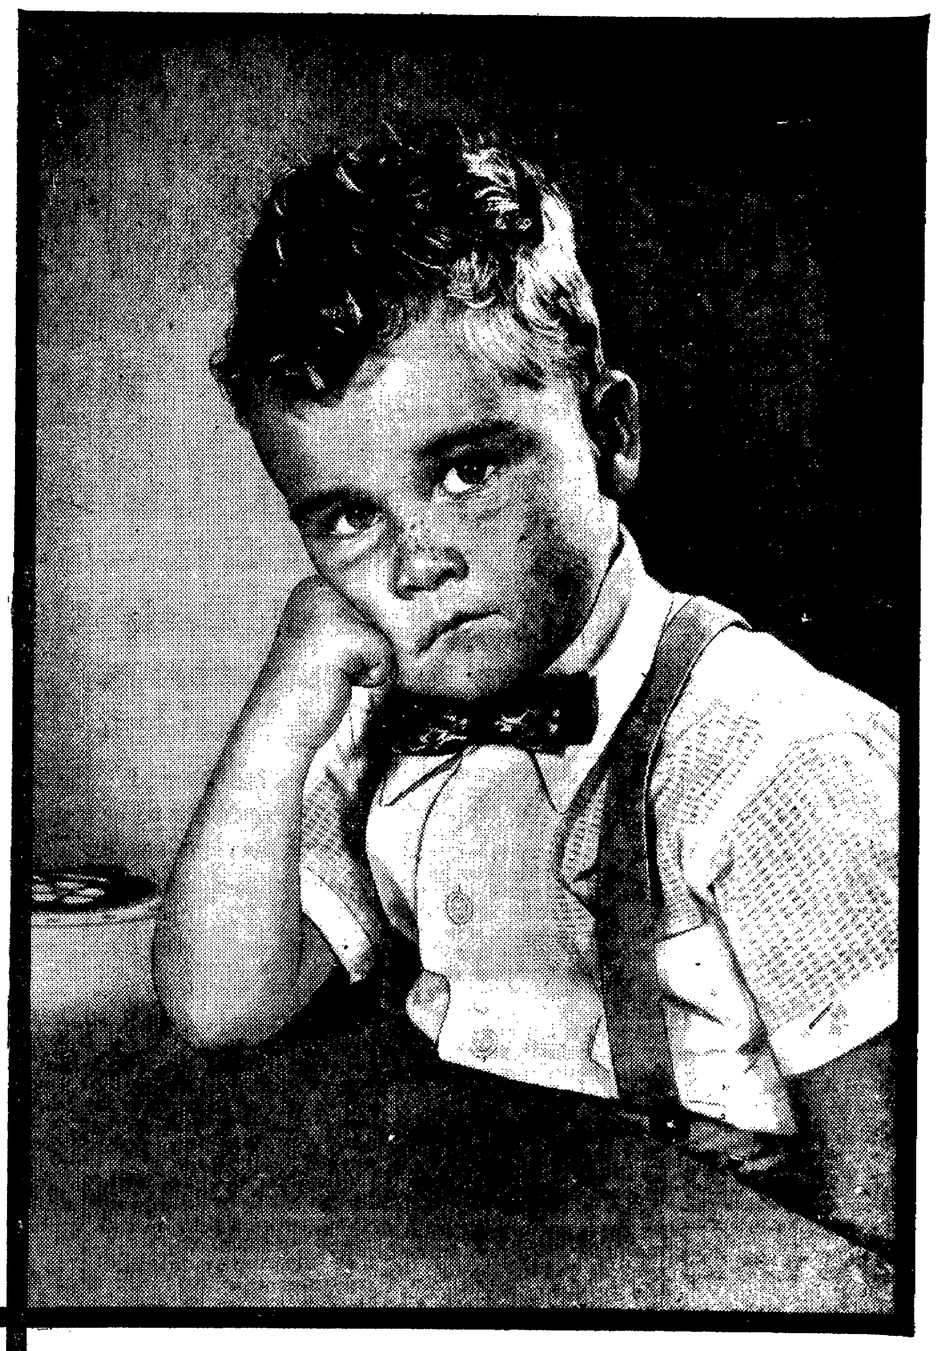
Little Man... Big Problem



THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Buddy was going to the circus today, but he woke up with the sniffles this morning and the whole thing had to be called off!**

**While grown-ups learn to shrug off disappointments like that, it isn't easy for a child. Buddy's mother will soon come to the rescue with a special taffy pull or a favorite story-reading session, and that will help cushion the blow.**

**But there will be times when Buddy will have to stand up to far greater tests than this, and when he will have to take far greater disappointments in stride. That's one of the reasons his mother has started taking him to Church and Church School. It isn't that the Church serves as a cushion in times of stress . . . rather, it stands as a pillar of strength, lending support to all who come within it.**

## *2,010 Youngsters Take Part In City Playground Activities*

Attendance figures in the public playground program for this week showed that 2,010 youngsters took part, Paul M. O'Rourke, director, reported today. He noted, that attendance has been below normal due to inclement weather conditions.

Silver St. School's playground held the record for attendance this week, the director said. A total of 885 youngsters participated in the program. Other attendance figures were: George Washington School, 600; Lincoln Park, 500, and Glenwood School, 525. Glenwood and Washington were open only four days.

**First Softball Game**

The first softball game of the summer program was played Thursday between Glenwood and George Washington with Glenwood the victors. The score was 8-6, the director said.

According to Mr. O'Rourke next week's activities will be directed toward establishing a better understanding of the Fourth of July. Boys and girls at all four playgrounds will be making hats, flags and doing other craft projects in keeping with the holiday, he said.

Parades in anticipation of the holiday will be held July 3 at each playground. The program throughout the city will close for the July 4 holiday, it was noted.

Parents Week will be observed at George Washington playground next week with all parents urged to visit by the supervisor there, Harold Hazelett. Making a plaster of Paris figures will be a highlight of activities.

Tournaments in croquet, jacks and darts top the schedule at Lincoln Park for next week. Ronald Cranston was winner in a checkers tournament held there this week.

Plans for the daily recreation program at Silver St. next week call for painting a mural and holding ping-pong and checkers tournaments. Checker competition at Glenwood also will take the spotlight next week.

**Open Each Week**

Mr. O'Rourke issued a reminder that the four playgrounds are in operation each week Monday through Friday from 9 a.m. to noon and 1 p.m. to 4 p.m. Children are welcome to enter the program at any time, he said. It will run through Aug. 15.

Tennis instruction, which has been hampered due to bad weather, will continue for seven weeks with lessons to be given on the Harding tennis courts Monday through Thursday from 9 a.m. to noon under Mr. O'Rourke's direction.

## *British Protest After Russians Invade Island*

LONDON (AP)—Britain fired a strong protest to Moscow over the 30 Russian fishermen who swarmed over a Shetland Island moor to hunt down a fugitive seaman, the Foreign Office announced today.

A note delivered to the Soviet Embassy Friday said Britain takes a grave view of the incident.

The fugitive, an Estonian seaman named Erich Teayn, slipped off a trawler in the dark and escaped his Soviet pursuers by hiding in a shepherd's cottage after a breathless chase early last Thursday.

The British note said that if the Russians, members of a fishing fleet cruising in nearby waters, had taken Teayn back by force, it would have been "a flagrant violation of the law."

## Police Reports

Dwight Foreman of Foreman's Furniture Store on S. Prospect St. reported Friday that someone stole two television receivers from the store sometime Thursday night. He said there was no sign of a forced entry and police theorized someone hid out in the store after closing time Thursday. One of the TV sets was a table model and the other was a console model, Mr. Foreman told police. He listed no value on the two receivers.

—:—

Theft of a tire and wheel from the trunk of his car was reported by Lewis Clark of Morral. He said the car was parked in the shopping center lot at Oak and W. Center St. Friday night when the theft occurred. He valued the tire and wheel at $25.

## Belgians Nab Red Ballerina

### Ex-Favorite of Stalin Is Caught Shoplifting

BRUSSELS (AP)—Olga Lepeshinskaya, once Stalin's favorite ballerina, was caught shoplifting in a Brussels department store, police said today.

The star of the Bolshoi Ballet now appearing at the Brussels World Fair, Miss Lepeshinskaya is ranked only behind Galla Ulanova and Maya Plisetskaya among Moscow's famous ballerinas.

Police said she was stopped on leaving the store Friday by a store detective, who had been tipped off by a customer.

She pleaded to be allowed to attend ballet rehearsals, but was hustled off to a police station, then to the Palace of Justice for questioning.

Police said she finally admitted taking an umbrella, two pairs of gloves, cuff links and some tape.

Unlike the celebrated case of a Soviet woman athlete convicted of shoplifting in London in 1956, this one seemed unlikely to cause an international incident.

Store officials indicated they would not take any action.

### Mme. Chiang Questions U.S. Help to 'Neutrals'

NEW YORK (AP)—Mme. Chiang Kai-shek has appealed to the free world to stop helping neutrals unless it wants the countries fighting communism to start wondering: "Why should we fight when the neutrals sit on the fence and get just as much as we do?"

Looking youthful and attractive in a navy blue silk gown, the wife of Nationalist China's president met newsmen Friday for the first time since her arrival from Formosa several weeks ago for medical treatment.

She said the Nationalists would recapture the Chinese mainland with their own army, which is American-trained and American-equipped. "We don't want the United States to do it for us," she said.

### Becomes Citizen

HOLLYWOOD (AP)—By act of Congress, cafe society restauranteur Mike Romanoff today is an ex-prince—and a U. S. citizen.

Romanoff dropped his pretenses to nobility Friday and was sworn in as a citizen. Before a federal judge he intoned:

"I hereby renounce any title to the claim that I am prince of all the Russians."

## Political Opposition in Russia

According to all familiar signs, the political elite in the Kremlin are going through another internecine struggle.

The reasonable supposition is that an opposition centered on the ideas of Stalin has maneuvered itself into a position to challenge the ideas of the faction headed by Khrushchev, which had tried to abandon Stalinism.

The comparison with U.S. politics would be with the intraparty struggles for ascendancy that go on here inside each party. In Russia, which has only one party, the struggle is multiplied in intensity.

Unlike the United States, where the fight for party control comes to a truce periodically when the two parties must compete against each other for popular favor, there is no truce in the Russian one-party system.

The Soviet Union's entire political existence is concentrated in the Communist party. Consequently, the intraparty struggle becomes a struggle to survive. There is nowhere else to go.

The execution of Hungary's Nagy and his associates for their role in the uprising of 1946 and the increasing pressure on Yugoslavia's Tito are signs of a hardening of Communist discipline by the Kremlin. It is expected that Poland will be next to feel the party lash, on the Kremlin's orders.

Eventually, it is expected that Khrushchev will be driven out of power by the Stalinists, unless he can find some way to destroy them by Stalinist tactics of his own. In either case, Russia would be made to undergo another siege of ruthlessness.

The question posed by evidence of the Kremlin's struggle is whether Russia ever can expect anything but ruthlessness under one-party dictatorship. The faint hope held out by Khrushchev's renunciation of Stalinism and the softening of the harshness that had been Stalin's trademark is fading fast.

The United States, which had hoped for something better than Stalinism, is re-examining its attitude in the light of so much evidence that Khrushchev — if he stays in power — will have nothing better to offer.

There is political opposition in Russia, as there is in every government under the sun. The only difference is that in Russia the opposition is compressed inside the one-party system and causes an explosion in the government whenever it asserts itself.

## How Blessed Is the Peacemaker?

The sum and substance of the frustration of our era is Dag Hammarskjold trying to avert bloodshed in Lebanon while millions murmur, "The odds are against him. If he fails, it will be the ruin of the United Nations."

It is not the energetic secretary-general of the United Nations that the odds are against. Nor is it the United Nations that will be ruined if he cannot find a way to save the Lebanese from a blood bath.

Hammarskjold is merely one man making a profession of conciliation in international power politics. The United Nations is only the tentative means of making it possible for governments to settle disputes without sacrificing human lives to the passions of politicians.

Unless the painful tension of those who want Dag Hammarskjold to succeed is shared by those who so far have been trying to make him fail, he will fail—and the United Nations, too, will fail. There is only one way peacemakers can be saved from failure.

Warmakers must defer to them. Those who have been tempted to take up the sword must lay it down voluntarily, or perish by it, taking with them the lives of innocent people.

The question in Lebanon is not whether a Swedish political scientist and the international organization he administers will fail, any more than it was the question in the Suez dispute, the Korean dispute, or the Israeli dispute.

The question is whether politicians who traditionally have served their ends by violence at the expense of human life are still able to get away with mass murder.

Some would like to believe the culprit in Lebanon is one politician, President Nasser of Egypt. He is only one of many politicians responsible for violence there. He is the inheritor of a tradition that the key to success in the Middle East is a judicious use of violence if possible, and a show of naked force if necessary. Britain, France and Israel —all professing to be devoted to the United Nations and Dag Hammarskjold's leadership thereof—were trying naked force as recently as two years ago.

Significantly, they failed. They could not command popular tolerance for mass murder to carry out political stratagems.

That is the gamble now—that politicians willing to shoot it out if it takes every innocent life within gun range have miscalculated again and a shock-haired little Swedish political scientist and his U.N. credentials have become more powerful than they are. It is especially the gamble being taken by Egypt's ambitious young president, who has yet to prove he can command popular support in Egypt for any scheme of aggression.

## It Would Have Been Quite a Fight

It will be a few political turnovers and a couple of long hard winters before Ohioans are given another anticlimax like the special session of the General Assembly.

Everything went flying through like greased lightning. The big fight that was going to develop over supplemental unemployment benefits never developed. Neither did the billboard fight. The other two points of interest, extension of 13 weeks of unemployment compensation to those who used up their eligibility before April 4, and an arrangement to let sewer extensions be built without bankrupting farmers with suburban frontages, were cut and dried.

The SUB fight never developed because the only people who could have fought with any conviction decided to go fishing.

What they are fishing for is a legal decision permitting SUB to be paid without any effect on unemployment compensation. If they tried to get the same thing in the legislature—and they have tried—they would have to rejigger the entire unemployment compensation setup to give everybody the same privilege they are asking. That would never be possible while there was a difference between unemployment compensation and a guaranteed annual wage.

It continues to be true in the meantime that if the purpose of the SUB agitation is to pay out the money, instead of to make Ohio knuckle under on a point of principle, the money can be paid out any time the parties to the SUB contracts want to go into action.

### Jewel of an Idea

An important New York state union official, Louis Hollander, president of the state CIO and vice president of Amalgamated Clothing Workers, has proposed a jewel of an idea.

There should be a watchdog committee of citizens to investigate Congress, he thinks, in the same way Congress has been investigating unions. Moreover, he thinks Congress should adopt a code of ethics like the code under which the AFL-CIO now operates.

This idea has occurred to many others besides Mr. Hollander, especially when congressmen were investigating income sources of appointive officials in the executive department. It does not make good sense that Congress, which does so much investigating, never gets investigated.

But one wonders whether if a watchdog committee hit pay dirt in an investigation of Congress, the way the McClellan investigators hit it when they investigated racketeering in unions, congressmen would accuse the investigators of trying to destroy Congress.

## The Once Over

*By H. I. Phillips*

New York police are having a tough time with jaywalkers during the warning period ending shortly, with most Gotham pedestrians proceeding under the war cry, "We defy any attempts to keep us alive and healthy."

Manhattanites act like charter members of the Society for Preservation of Rights of Human Fleas. Answer to "Why does a chicken cross the street?" is "To prove we can do it no crazier than people."

Natives play musical chairs with death. "Hey, the 'don't walk' sign is on," calls the gendarme. "It's no walk. I'm running out a two-base hit," is the answer.

**TYPICAL DIALOGUES** go like this:

Cop — Back to the curb.

Pedestrian — I can't wait; I've got an appointment.

Cop — Who is it with, a stretcher bearer?

Pedestrian — No, it's with my doctor.

Cop — Cross the street now and we'll bring your doctor HERE.

Cop (To woman jaywalker) — Can't you see that 'don't walk' sign?

Woman — I thought it was a delicatessen store neon sign and I don't need anything.

Cop — You wanna get killed?

Woman — In New York it's so easy why should I let the police choose the place?

Cop (to galloping executive) — What's your hurry?

Man — I'm bound for an important conference.

Cop — You want to reach it TODAY or AFTER YOU LEAVE THE HOSPITAL?

Man — I'll have you transferred to the Bronx.

Cop — If you do it I'll be good citizen enough to wait for the light at all crossings.

**TODAY A TRAFFIC** officer said: "This is tougher than handling gangster cases. I get harder looks from jaywalkers than I ever got from Mafia suspects. There is nothing harder than trying to enforce common sense on New Yorkers in motion.

"On the police force you get hero medals for fighting hoodlums. I should get them for trying to be patient with pedestrians." Fines of $1 or $2 will soon be imposed. But the question is whether New Yorkers wouldn't rather pay than be suspected of intelligence, patience and co-operation in anything that costs them a split second.

## Power of Faith

*By Howard Brodie*

GALILEE, ISRAEL—Jesus spent a good portion of His early public life in the vicinity of the Lake of Galilee. Over its surface and shores, His love flowed out in a wave that engulfed the world.

It was here that He walked upon the water, calmed the angry storm, multiplied the loaves and fishes, and brought about the great catch that almost swamped the apostles' boat. The lake, lying 682 feet below sea level, is fished extensively to this day and still is famous for the violent storms that whirl out of its surrounding mountains.

But on the day I walked these shores, all was calm and quiet, save for the beat of wings over the still water. The water was a soft blue, dappled with sunlight; the surrounding hills diffused in a heavy haze. "And when He was entered into a ship, His disciples followed Him." (Matthew 9:23).

## World in Ferment

*By David Lawrence*

A turbulent era to be living in—and yet people generally do not seem to be aware of the critical consequences that could ensue at any moment. The world panorama today looks like this:

Lawrence

Blood is flowing in Lebanon. Events there could involve the sudden use of American troops to protect American lives unless the United Nations can enforce peace.

Nasser of Egypt keeps feeding ammunition to the Lebanese rebels.

Tension in the relations between the Western countries and the Soviet Union is increasing.

Friction is growing behind the iron curtain as Khrushchev, through his controlled press, keeps up a fiery criticism of Tito of Yugoslavia.

Tito in public speeches compares aid that he gets from America without strings to Soviet aid originally promised him and now withdrawn because he will not toe the Moscow line.

The Soviet government orders demonstrations against the American Embassy in Moscow.

The Soviet government instructs the East German government not to release nine American servicemen who on June 8 landed their helicopter in the Soviet military zone during a storm that took them off their course.

The Soviet government first promises to participate in a conference of technicians at Geneva who were supposed to explore ways of bringing about an international pact for the suspension of nuclear tests but then backs out, insisting an agreement must first be reached to stop testing.

Talk of a "summit" conference is receding.

**THERE'S LESS** and less thrust between the Soviet government and the Western governments.

For the sake of appearances and to appease public sentiment, the spokesmen of the West continue to say they want to keep on talking and conferring and negotiating some kind of understanding or agreement between the East and the West. But there seems now to be less and less likelihood of reaching such a result.

The Soviets are encountering "propaganda disasters" — as Assistant Secretary of State Andrew Berding calls them — instead of "propaganda victories."

Ever since the execution of former Premier Imre Nagy of Hungary was announced on June 17, the whole world has been showing its disapproval and the Moscow regime knows that the tide is turning. Moscow's propaganda is diminishing in its effectiveness.

Are the men in the Kremlin, in view of all these adverse happenings, therefore trying desperately to consolidate their own position?

Their efforts to arrange a "summit" conference and to urge the doctrine of "peaceful co-existence" were due largely to a relief that this would help build up their prestige as "statesmen" inside the Soviet Union and placate a growing unrest there.

**MOSCOW IS** changing from peaceful to threatening words. An external crisis has sometimes been provoked in history by reckless men to bring about internal solidarity.

There is more and more evidence today that Khrushchev is in trouble with the other leaders and that he has adopted a stern course in the belief it will terrify his internal as well as his external adversaries.

These are ticklish moments for a president of the United States. He must bear the burden of decision each hour of the day.

The Lebanon crisis gets some attention from the press but not as much as it seems to deserve.

Movements of the American Sixth Fleet in the Mediterranean and the buildup of British armed forces on Cyprus have not been kept secret. There is talk of a Soviet fleet coming into the Mediterranean, too. This is what a president worries about.

It's a time in which a small episode can produce bigger complications overnight.

**IN THE MIDST** of this atmosphere of international crisis, Washington is nevertheless agog over a congressional investigation which appears to be a contest in mudslinging. It seems to have given opportunities to disappointed seekers of influence to carry on in public their backbiting over personal grievances. What an orgy of pettiness!

Some day the historians will doubtless perceive the disproportionate attention being given to these passing incidents.

Some day perhaps the effort of the government of the United States to do its duty in accord with the noblest of American traditions will be seen in its true light and will be given just acclaim.

For American Foreign policy, despite its setbacks, seeks today only to uphold ideals of unselfishness in a troubled world and to aid in preventing a deadly war that could come suddenly to peoples everywhere.

Indeed war is a constant danger as long as irresponsible rulers hold power in the Soviet Union and are heedless of warnings.

There is, of course, also the danger to those rulers themselves that, at the first sign of international war, an opportunity for internal war can present itself. These are truly turbulent times.

## Below Earth's Crust

*By Joseph Brooks*

In the age of space flights, one group of prominent scientists wants to go in the opposite direction in the quest for scientific knowledge — under the earth's crust.

The group, an informal organization of scientists calling itself the American Miscellaneous Society, is proposing a 10-million-dollar project to drill through the crust and into the solid layer beneath, known as the basaltic mantle.

Dr. Roger Revelle, director of Scripps Institution of Oceanography at La Jolla, Calif., and a founder of the society, said a $30,000 grant has been asked from the National Science Foundation for a feasibility study of the project.

"I DON'T know of any way we can spend that amount of money and find out more about the earth," Revelle said. "While I am thoroughly in favor of space flight, I don't think we should forget that there are several mysteries that need solving right here on earth—and in it."

Revelle said the project would involve drilling through the earth's crust, which is 4 to 20 miles thick, and into the denser 1,600 - mile-thick mantle. He said the hole probably should be drilled from the ocean's bottom since the crust is less thick there than on land.

Oil wells have been drilled deeper than the four-mile thickness of the crust, said Revelle. Oil companies already are drilling off the coast of California where the ocean floor is 1,500 feet below the surface.

The four-mile thickness of the crust is found at ocean depths of 12,000 to 15,000 feet and that is where the hole should be drilled, Revelle said.

He admitted there would be pressure problems, since the ocean pressure would be 400 times greater than atmospheric pressure at sea level, 6,000 pounds per square inch. The drilling would have to be done by remote control from a barge on the surface or by men protected by enormously heavy caissons.

**WHAT WOULD** be gained by the project?

"A complete geological history of the ocean basin could be obtained from sediments lying above the basaltic crust. We could test the mantle for radioactivity, elasticity, density, thermal conductivity, geochemistry and geomagnetism.

"We could learn whether the oceans are as old as the world. Our estimate of the density of the earth would be enhanced if we knew the density of the mantle. Mantle density values could be used in analyzing ocean areas where gravity is greater or less than in other areas."

"A tremendous amount of knowledge could be obtained by reaching the top of the mantle. Mysterious heat flowing from the ocean bottom, magnetic fluctuations at sea and the age of the oceans are among the questions that could be solved by the ambitious project."

Revelle said the project would provide answers to many theories about the composition of the earth.

It might provide answers to how mountains are formed. It might provide the clue to whether the mantle is the solid core of the earth.

## Cotton Corners

*By Truman Twill*

Dear Nephew: If you want to talk about the weather, which has been your favorite topic in recent letters, your aunt and I have no objections. But we wish you would stick to the point, instead of talking as if the weather were to blame for not coming up to your specifications.

The point, we insist, is whether you are coming up to the weather's specifications. In that regard, you are a disappointment.

Wherever human beings live on this earth, it is up to them to accommodate themselves to the weather, not vice versa. The weather and human nature are two of the fixed facts of existence and cannot be altered to any important extent.

To complain about either fact, in our opinion, is as foolish as to complain about the gravitational pull of the earth, which has both good and bad effects. But both effects are part of the terms of existence.

The trick is to understand them and learn to live with them, a process of education that begins when a baby falls down and bumps its head. You know better than to try to jump over a building, so why shouldn't you know better than to try to outguess the weather and complain when you lose?

We, too, have sinus trouble that gives us a hard time when the humidity is high. We, too, have moods of depression when the sun doesn't shine and fits of frustration when our plans go awry because too much rain falls, or the wind blows too hard.

But, unlike you, we have learned how to grin and bear it. We always take rain coats when we go on picnics, and we even have learned years ago how to enjoy a picnic in the winter-time, because we didn't want to become a slave of the idea that all picnics should be held in warm weather.

Our advice to you, therefore, is to quit squealing because the weather isn't coming up to your specifications and try to make yourself come up to the weather's specifications. You will find it more rewarding.

Your aunt and I have taught ourselves to find something good in everything that happens, weather-wise, though I admit it taxes my resourcefulness to see anything good about windstorms, which scare the pants off me. She has her trouble with electrical storms, too.

But we enjoy clouds, rains, gray days, blue days, bright days, dull days, summer, winter, fall and spring in about equal proportions.

We have been enjoying the sweet and sour cherries, which are a third larger and twice as juicy this year, thanks to the same things that you complain about—high humidity and low temperature. Also, it is our opinion that this is a vintage year for petunias. Granted that it has been a bad year for beans and bulldozing, I doubt that either will be missed in the long run. It has been a banner year for grass and young trees.

Please don't get into the habit of comparing what is with what you think should be but never was and never can be, whether it's weather or whirligigs. That way of thinking may be all right for romanticists and reformers, but it's no good for people who are supposed to be smart enough to know the score.

Regards to the family.

Cotton Corners UNCLE GEORGE

# Couple Wed 50 Years

Mr. and Mrs. Chance E. Dewald

Celebrating their golden wedding anniversary next Sunday, July 6, with an open house will be Mr. and Mrs. Chance E. Dewald of 317 W. Main St., Crestline. The open house will be observed from 2 to 5 p.m

The couple was married July 8, 1908, in Tiffin. Mrs. Dewald is the former Rae F. Wyndham. They came immediately to Crestline where Mr. Dewald had established a law office. In October of that year, Mr. Dewald was elected attorney for the Crestline Building and Loan Association of which he is now secretary and treasurer. For 20 years he was village solicitor here. He also was village clerk for a number of years.

Both Mr. and Mrs. Dewald have been active in church work and, in August, will round out 50 years of membership in the local Methodist Church. Mrs. Dewald has been active in community affairs. Working with the Crestline Federation of Women, she organized the Well Babies Clinic and the Crestline Public Library. She has been president of the library board since its founding in 1921 and 1922.

She also was president of the village park board when the land for Kelly Park was donated to the town. A few years ago Mrs. Dewald called together representatives of each of the churches to organize the Crestline Council of Church Women. The group has as its special object the sponsorship of Bible teaching in the schools.

Two sons were born to the couple, Kenneth who died in infancy, and Donald of Mansfield, a specialist in internal medicine. There are three grandchildren.

# -:- Lodge Activities -:-

New officers were installed when the Women of the Moose met Wednesday night in the lodge hall. Officers of the Loyal Order of Moose conducted the installaton.

Taking office were Mrs. Jerry Bigler, senior regent; Mrs. Charle Courtad, junior graduate regent; Mrs. Myrtle Harruff, junior regent; Mrs. Ula Maidlow, chaplain; Mrs. Lucile Edington, recorder and Mrs. Margaret Emerson.

Seven members also were initiated. A social hour followed the meeting.

—:—

Members with birthdays in April, May and June were given recognition when Esther Temple 90, Pythian Sisters, of Caledonia held a potluck supper Tuesday in the lodge hall.

A thank you note was read from Lillian Jones for $40 sent to the Medina Home. Mrs. Ruth Clark announced that past chiefs will meet Monday night, June 30, at her home with supper to be served at 6:30.

A white elephant auction followed the meeting and winner of a cake walk was Mrs. Ruthella Longacre. No meetings will be held in July and August with the next one set for Sept. 9.

—:—

Officers were seated and presented the jewels of their rank when the Minnetonka Council 24, Degree of Pocahontas, met Thursday night at the Central Labor Union hall.

In charge of the meeting was Mrs. Mabel Britton, Pocahontas.

The obligation was given to Mrs. Margaret Wilt of Marion as a new member of the order.

Reporting on the 46th Great Council Session of Ohio held recently in Springfield was Mrs. Myrtle Buckingham, council representative.

Election of officers was held during the meeting with Mrs. Britton chosen the new prophetess. Others are: Mrs. Jean Slane, Pocahontas; Mrs. Goldie Roseberry, Winona; Mrs. Ruth Skinner, Powhatan; Mrs. Helena Brown, pianist.

Mrs. Slane was chosen representative to the district school and Mrs. Helen Jackson her alternate. Mrs. Skinner is the new trustee.

These officers will be installed in a formal ceremony, July 10.

Prizes were won during the social hour by Mrs. Britton, Mrs. Vi Shenefield, Mrs. Lucille Predmore, Mrs. Mary McElroy; Mrs. Mary Gearhart, Mrs. Daisy Latham, Mrs. Lily Kinnamon, Mrs. Nora Berry and Mrs. Jackson.

Refreshments were served. A short team meeting followed the regular lodge meeting.

# Weddings

Announcement is being made of the marriage of Mrs. Elda Kohbarger of 319 Marion Ave. to George F. Miers of 412 Mary St. The wedding took place on June 25 at the Calvary EUB parsonage and officiating was the Rev. C. R. Wendell, pastor of the church.

Attending the couple were Mr. and Mrs. Richard Barkley.

Mr. and Mrs. Miers will make their home at 319 Marion Ave.

—:—

A basket of white gladioli and majestic daisies centered before palms and three seven branch candelabra holding lighted candles decorated the altar of Trinity Baptist Church for the wedding Sunday, June 15, of Miss Rachel Louise Davis and John Curtis Cunningham.

Officiating for the ceremony at 2:30 o'clock in the afternoon was the Rev. J. B. Holloway, pastor, assisted by the Rev. Robert Maugans, pastor of Fite Memorial Baptist Church. Completing the church decorations were white satin bows combined with salal which marked the family pews. Presenting nuptial music were Miss Judith Maxim, organist, and Mrs. David McCreight, vocalist.

The bride, daughter of Mr. and Mrs. Homer Willis Davis of 607 Cherry St., was given in marriage by her father. Her gown of ivory satin was styled along princess lines with the skirt sweeping into a chapel train. A scalloped yoke and long sleeves which ended in points over the hands were of Chantilly lace. Her fingertip length veil of illusion was gathered to a Juliet cap of the Chantilly lace and satin. She carried a cascade bouquet of white roses and feathered carnations.

Preceding the bride to the altar were a sister, Mrs. Jack C. Somerlot, as matron of honor, and another sister, Miss Marilyn Davis, as bridesmaid. Mrs Somerlot was attired in a waltz length gown of flocked nylon organdy over light blue organdy. Accenting the back was a large bow of taffeta at the base of a deep V neckline with streamers falling to the hemline. Her cascade arrangement was of yellow majestic daisies and she wore matching yellow daisies in her hair. Miss Davis' dress was fashioned identical to that of her sister but was in yellow and her flowers were blue majestic daisies.

To light the candles, Miss Rhoda Anne Davis, youngest sister of the bride, was attired in a dress of blue nylon organdy and had a wrist corsage of yellow marguerites.

Ernest Brunner of Mount Vernon served as best man for the bridegroom who is the son of Mrs. Mary Cunningham and Paul Cunningham, both of Mount Vernon. Seating the guests were Jack C. Somerlot of Marion, Ronald Statler of Columbus, Robert Masteller, Roger Spearman and William Ulery, all of Mount Vernon.

For her daughter's wedding, Mrs. Davis chose a dress of Dior blue lace over matching taffeta with white accessories. Her corsage was of pink roses and feathered carnations. Mrs. Cunningham was attired in a navy blue sheer voile dress with white accessories and white feathered carnations and roses made up her corsage.

A reception followed in the church parlors with the bride's table, centered with a four - tiered wedding cake, arranged before the fireplace. Blue daisies encircled the base of the cake. At either end of the table were tall white tapers in crystal candelabra.

Serving were Miss Janet Kerr of East Liberty, sorority sister of the bride, Miss Carole Hoch, a college roommate, Miss Mary Jane Taylor, Miss Myra Wickline and Mrs. Ray Bonsel, Guild sisters. In charge of the guest book was Mrs. Mary Elizabeth Judkins of Mansfield, sister of the bridegroom.

For her costume when they left on a wedding trip, Mrs. Cunningham wore a blue linen dress with bands of navy blue cross-stitch.

Mrs. Cunningham was graduated from Harding High School in 1954 and received her bachelor of science degree in education from Bowling Green State University on June 8. She is a member of Alpha Delta Pi sorority, Kappa Delta Pi and Phi Alpha Theta, honorary fraternities. Her husband, a graduate of Mount Vernon High School in 1954, recently completed four years' training in the U.S. Air Force.

They will make their home at 501 N. Main St. in Mount Vernon until Sept. 1 when they will move to Columbus. She has accepted a teaching position in the Columbus public schools and Mr. Cunningham will enter the college of engineering at Ohio State University.

Out-of-town guests at the wedding were from Mount Vernon, Columbus, Mansfield, East Liberty, Grove City, Washington Court House, Dayton, Marysville, Toledo and Swanton.

# Home Buyers Should Obtain Expert Advice

## Architect's Inspection Before Sale Can Help Prevent Poor Choice

By The Associated Press

A puddle usually is a matter of little consequence in life. You step across and leave it behind.

But a puddle on the property of an older home you're thinking of buying could indicate a serious drainage problem.

And buying the home without first getting expert advice could take you knee deep in trouble.

An expert often overlooked by the wise home buyer is an architect. In many sections of the country, an architect is available on an hourly basis or for a fee agreed on in advance to check the virtues and deficiences of an older house and its surrounding property.

**Seek Professional Help**

When you've narrowed your choice down to one or two homes, bring an architect into the picture. Here are some of the things that this professional, trained in home building and in the proper use of building materials, can do for you:

First, he inspects the property itself. A puddle may tell him of the drainage problem. Next, he will look for indications of flooding or dampness in the basement. He'll find out whether the roof leaks or is in good state of repair.

The architect will check the structural condition of the house, looking for traces of a settling foundation and deflection of beams. If the floors are not level, he'll find out why. Any one of a number of conditions may have caused the settling and some could cause serious problems in the future.

**Checks Wall Defects**

The architect will look for cracks in the walls. They may be minor and show only the need for a paint job—or they may disclose a structural problem.

Many details will help an architect judge the age of the house accurately. Mechanically, the home may not be adequate.

In houses built 50 years ago, the heating system may be antiquated. The electrical system in a house built 25 years ago usually is inadequate for today's living. Pipes may be rusted or clogged. Replacing plumbing can be expensive.

There are excellent buys in older homes, but don't expect to find a bargain every time. John Hancock Callender, a member of the home consulting panel of the New York chapter of the American Institute of Architects, offers this advice:

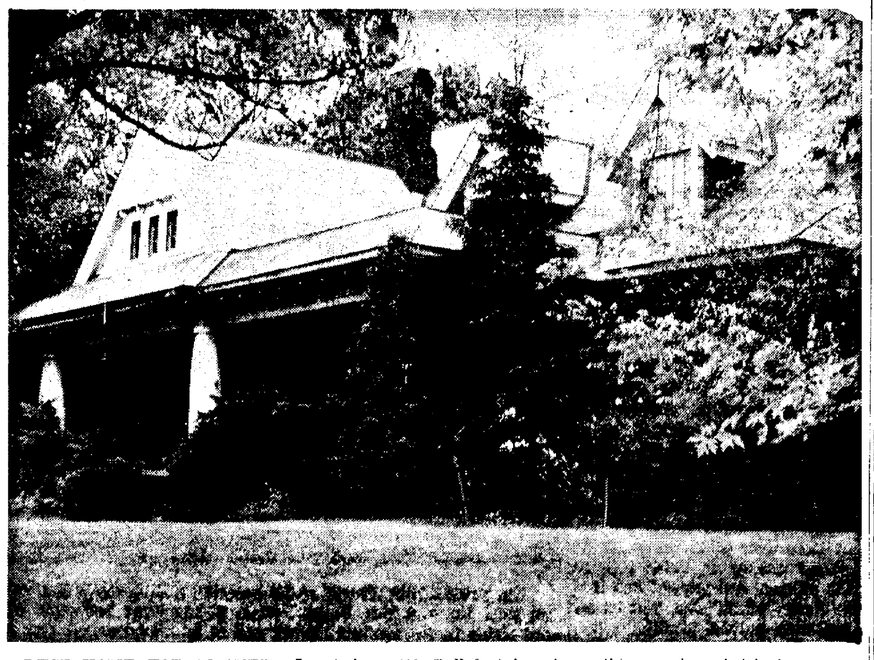
"The house may be a very good buy in spite of one or more unfavorable elements,, but the family should know about them and appraise them realistically."

**Estimates Remodeling Cost**

Remodeling should be discussed. "The family considering an older home," Callender says, "should remember that some repairs and modernizing will add to its value, while others will not. The architect can give a rough estimate of the cost of any remodeling."

Should all these things make you wary of buying an older home? Not at all, says Callender.

"The architect's role is to guide you and see that you know both the assets and the liabilities of a particular home," he adds. "That's the only realistic basis for making any purchase, let alone a major one such as a home."



**REST HOME ESTABLISHED.** Located at 409 Bellefontaine Ave., this spacious brick home recently was purchased by Carl Walter from Max Diamond. Since acquiring the property, Mr. Walter has redecorated it and established it as a rest home for men and women patients. The Granger Realty Co. represented both parties in the transaction.

# First Aid for Ailing House

By ROGER C. WHITMAN

**Q: I replaced our gutters with new metal ones, but they leak at the seams. What is wrong?**

A: The ends were probably installed incorrectly. As the water runs down the gutter, the edge of each section projecting against the flow causes some of the water to run under it. Reset the gutters.

—:—

**Q: There are black rubber heel marks on my linoleum. What is the best way to remove them?**

A: Clean with a liquid wax-cleaner for floors.

—:—

**Q: Someone marked the bricks on the front of our house with paraffin. We used hot water and a detergent which spread it so the bricks are covered with a thin, white coating. Do you know of something that would remove it?**

A: Try cleaning with a stiff brush or steel wool and a mechanics' hand soap containing sand. Rinse with clear water. If this doesn't work, rub the bricks with a carborundum block.

—:—

**Q: Quite a few months ago my husband put down plastic tile in our bathroom. The grouting was not wiped off at the time and gives the tile a very dull-looking finish. Is there any way to remove this grouting from the surface?**

A: The grouting should be removed from the plastic tiles only with a cleaner recommended by the manufacturer. To keep bathroom tiles shining, wipe them with kerosene, rinse with warm water and dry well. Be careful of fire hazard when working with kerosene.

—:—

**Q: We converted to gas heat seven years ago and it was very satisfactory. However, in the last two years we notice dampness in closets and the stairway wall. Mildew formed in several places. Could the gas furnace cause this moisture? If so, why so belatedly?**

A: Only possibility is that the vent pipe on the roof may be clogged by birds' nest or other obstruction. I recommend prompt inspection, as dampness of gas heat may be dangerous in the house, as well as causing the present condition. I also recommend inspection by a heating man to be sure all adjustments are in proper order.

—:—

**Q: Several months after we repaint our kitchen walls the paint begins to crack all over. We always use the best quality enamel. We plan to repaint again shortly and would like to avoid this happening. Can you suggest a remedy?**

A: This is known as "alligatoring" and is generally caused by applying new paint over a glossy or greasy surface. Kitchen walls are apt to be greasy from cooking vapors. Prepare the wall surfaces by washing them with trisodium phosphate or washing soda, using about a cupful to the gallon of warm water; follow with thorough rinsing with clear water to remove all traces of the chemical. Alligatoring might be removed by rubbing with "00" sandpaper.

# New Plastic Tops Add Life to Desks

An old desk, temporarily discarded in the basement or attic, might not be as useless or unattractive as you might think.

Handymen have found that a plastic-surfaced top of smart wood grain or marble design can bring new life to old desks. The top panel may be secured with contact cement, and the corners rounded with a file for a professional look. Paint, matching the wood grain of the desk, applied around the edges of the new top, will complete the "new look."

New plastic surfaces offer a variety of select wood grains, marble patterns and plain colors, with a baked melamine armor to defy scratches, cigaret burns, moisture and other abuse.

The more ambitious handyman may resurface the entire desk in a similar manner to complete the distinctive flair created by the new top.

# Emergency Housing Act Program Going Strong

WASHINGTON — Government-aided moderate-priced housing still is setting new records under the Emergency Housing Act.

In its latest weekly report, the Federal National Mortgage Association said commitments were made to buy 3,766 mortgages of $13,500 or less each with a total value of $44,845,000.

During the first nine weeks of the anti-recession program, the FNMA earmarked $305,697,000 for 25,789 mortgages. They were divided equally between FHA and GI housing.

## Watch for Satellite

HUNTSVILLE, Ala. (AP) — Skywatchers the world over are maintaining a death watch. They are hoping to see the death of a satellite.

Scientists predicted that Explorer III, launched March 26, was to have plunged into the earth's atmosphere any time beginning Friday, and burn like a meteor when it plows into the upper atmosphere.

Scientists agree generally, however, that anyone seeing the death of Explorer III is likely to be just plain lucky.

## Singer Recovering

HOLLYWOOD (AP) — Singer Roberta Linn was taken off the critical list at Cedars of Lebanon Hospital after doctors said they were gaining control over her acute upper respiratory infection. Miss Linn, 27, was Lawrence Welk's first TV champagne lady.

# Proper Color Scheme Hikes Value of Home

Whether you plan to build a new house or remodel an old one, don't forget the importance of good colors, says California home color stylist Margaret Hargreaves.

Properly used, color can add greatly to the value of a house. Wrongly used, it can take value away.

In an article in Practical Builder, a magazine for the light-construction industry, Miss Hargreaves lists important rules to help home builders use colors more effectively. Here are some of her tips:

1. Consider the outside and inside as related areas and coordinate their colors carefully. An abrupt change in color between the exterior and interior can lead to "color shock"—an undesirable sensation psychologically.

2. Choose the roof color first and choose it carefully, since all other colors inside and out should be related to it—even the accent colors on sofa pillows in the living room. The roof actually becomes the color "key" for the entire house.

3. Let the shape and size of the house decide on a light or dark color for the roof. Asphalt shingles in silver-gray, white, or a pastel will make a low house look taller and a dark roof tends to "lower" a tall house.

4. Sidewall colors can either blend with the roof color or be in a complementary color that contrasts with the roof. A third harmonizing color can be used on trim, but three exterior colors are the limit.

5. Plumbing fixtures establish the color scheme for the bath. As color progresses outward from this core, fixture colors become the starting point for the entire interior color scheme. Because of this, plumbing fixtures should be in the same color "family" as the roof. This permits the outside and inside to "meet" harmoniously.

Born Sept. 22, 1878, in Willard, he was the son of Rufus and Fannie Sweetland Franklin. His wife, Clara, died in 1919.

Surviving are three sons, Edmund of New London, Floyd and Franklin of Bucyrus; two brothers, Lloyd Franklin of Greenwich, and Daniel Franklin of New London; two sisters, Mrs. Omar Burton of Los Angeles, and Mrs. Harry Davis of Columbus, eight grandchildren and 12 great-grandchildren.

Mr. Franklin moved here about 10 years ago after residing for 36 years in Clarksfield.

## Mrs. A. C. Coffey

KENTON—Mrs. Nora C. Coffey, 80, of Kenton, formerly of Uhler Ave. in Marion, died Friday in the Hardin Memorial Hospital in Kenton.

Born in Marion County, May 26, 1878, she was the daughter of Fred and Catherine Craner, both deceased.

She was married in Marion, Oct. 26, 1900, to Arthur C. Coffey, who survives.

A resident of Kenton the last 15 years, Mrs. Coffey was a member of the First Methodist Church and the WSCS of the church there.

Surviving, in addition to her husband, are a son, Carl of Kenton; a granddaughter of Cleveland; and two sisters, Mrs. Nettie C. Morris of Baker St., and Mrs. Claude Austin of Claridon. Three sisters and a brother preceded her in death.

Funeral services will be held Monday at 1 p.m. in the Hull Funeral Home in Kenton, followed by burial in Marion Cemetery. Friends may call after 7 tonight at the funeral home.

## Willis Arthur, Former Marion Resident, Dies

Willis S. Arthur 61, of St. Louis, a former Marion resident, died in the Barnes Hospital in St. Louis Friday morning after an illness of two and one-half months.

A retired sales manager of the St. Louis branch office of the Cooper-Bessemer Corp. of Mount Vernon, he was a native of Richwood and was a son of the late Mr. and Mrs. George Arthur.

He is survived by his wife, Grace, also a native of Richwood; a daughter, Mrs. Fred Foster of Springfield; brothers, Paul of Springfield and Albert of Orlando, Fla., a granddaughter and a grandson. A son died in infancy.

Funeral services will be conducted Tuesday at 2 p.m. at the Winter Funeral Home in Richwood and friends may call at the funeral home after 2 p.m. Monday. Burial will be in the Richwood Cemetery.

# Driver Fined After Morrow Area Mishap

A Massachusetts driver was fined $15 and costs by Morrow County Judge Paul D. Richeson Friday after being arrested by state patrolmen on a charge of failure to stop within assured clear distance.

Officers said the arrest mishap, one of two investigated in Morrow County Friday, occurred on Rt. 24, three miles south of Cardington at 2:20 p.m.

According to the report, the southbound auto driven by John J. Hennessey, 55, of Norwood, Mass., struck the back end of a vehicle driven by Cyrus J. Faust, 47, of Cardington, as the Faust car was attempting a right turn into a private drive.

Patrolmen said both cars were considerably damaged. A passenger in the Hennessey car, David Norton, 2, of Bell, Calif., received elbow scratches, but was not treated, it was noted.

A Crestline man escaped injury when his auto skidded out of control on Rt. 61, and traveled up a bank, turned over on its top Friday at 11:20 a.m., one mile north of the Delaware County line in Morrow County.

Investigating officers said the mishap occurred when the southbound auto driven by Ralph T. Murphy, 56, of Crestline, swerved to avoid striking another vehicle stopped on the road. Patrolmen said the Murphy car was badly damaged when it rolled over on its top.

## Funeral Services

# Goodrich Requests New Court Trial

The Marion Division of the B. F. Goodrich Co. today filed a motion for a new trial in Common Pleas Court in connection with a Marion woman's suit for workmen's compensation funds.

A Common Pleas jury returned a verdict for Mrs. Clyde D. Martin of 336 Silver St. on June 11 in her suit against the company and the Bureau of Workmen's Compensation for the right to participate in compensation funds.

Mrs. Martin's suit was an appeal of a rejection of her petition for compensation for a back injury she allegedly suffered while employed at the B. F. Goodrich plant at Green Camp June 21, 1955.

In its motion for a new trial, the company listed seven instances of alleged errors during the proceedings.

Merrill Brothers and John Fontana of Columbus, and Martin and Hall of Marion were attorneys for Mrs. Martin. The Akron law firm of Wise, Roetzee, Maxon, Kelly and Andrees, and the Marion firm of Carhart and Stout represented the defendants.

## Gunshot Wounds Fatal For Kenton Area Man

KENTON—M. A. Spencer, 58, of near Kenton died in Hardin Memorial Hospital at 2 p.m. Friday of self-inflicted gunshot wounds. Mr. Spencer shot himself at his farm home at 10 a.m. Friday and was rushed to the hospital where he died. Coroner H. R. Johanson ruled the death was a suicide.

Mr. Spencer had been in ill health for the last three and one-half years and had been in serious condition for the last 10 days.

He was born Aug. 23, 1899, in McDonald Township, Hardin County, to Joseph and Cora Spencer and was a life-long resident of the county.

On Nov. 22, 1922, he married Elsie Shepherd who survives with one daughter, Mrs. Evelyn McCalla of Belle Center; three sisters, Mrs. Lula Underwood of Bellefontaine, Mrs. Loretta Burnside of West Liberty and Mrs. Margaret Rumry of Columbus; one brother, Herman Spencer of Toledo; two grandchildren and several nieces and nephews.

Funeral services will be held Monday at 1:30 p.m. at the Schindewolf - Steiner - Stevens Funeral Home here with burial slated in Fairview-McDonald Cemetery. Friends may call after 6 tonight at the funeral home.

# House Group Cool on Appeal for Restoration of Cuts in Aid

## Eisenhower Disturbed at Sharp Slash

### $872 Million Pared From Allocations for Foreign Assistance

WASHINGTON (AP)—President Eisenhower's appeal for restoration of foreign aid funds taken away by a House committee met stiff Democratic resistance today. Eisenhower said Friday he was deeply distressed by the House Appropriations Committee's reduction of 872 million dollars from his requested $3,950,000,000 for economic and military aid to friendly nations in the fiscal year starting next Tuesday.

If the deep cut is allowed to stand, Eisenhower said, "I fear there will be important 'osses for the free world and a serious decreasing of the security of the United States."

**Vote Set Next Week**

The House will vote next week on the $3,078,000,000 money bill totaling 357 million less than is being spent on overseas assistance in the current fiscal year. It is 597 million dollars less than the $3,675,000,000 ceiling fixed in authorization legislation finallly passed by both houses Friday and sent to the President.

Sen. Mike Mansfield of Montana, acting Senate Democratic leader, said he thinks the committee's 872 million dollar reduction is justified "but it was made in the wrong places."

**Loan Fund Halved**

The committee allowed only 300 million dollars for the Development Loan Fund instead of the 625 million Eisenhower asked. It cut his 1.8 billion dollar request for direct military aid to $1,515,000,000 and reduced defense support allowances from 835 to 700 million.

Mansfield said that "if the House does vote to cut that (Development Loan) fund, then I think there will be a strong movement in the Senate not only to restore it to the level the President asked but to increase it."

The fund is designed to aid underdeveloped countries. Mansfield said support for it has grown because of Soviet attempts to infiltrate these areas through economic assistance.

**THIS JIGSAW PATTERN** of boards and men spread over a section of Camp Owens near the old rifle Range this morning was to be fitted together into a picture of five completed Adirondack shelters by late afternoon. Six work crews composed of local Lions Club members, and a beaming sun were on hand to see that the job was completed on time. The erection of the three-sided sleeping units was chosen by the club as one of it's yearly projects.

## Sears Named To Help Plan GOP Meeting

Republican state headquarters in Columbus today announced the appointment of State Central Committeeman David H. Sears of Harpster to the arrangements committee for the Republican convention to be held in Columbus Oct. 9.

Former Congressman Oliver P. Bolton of Mentor is chairman of the committee, Mrs. Kathryn S. Mansell of Medina is vice chairman and William H. Harsha of Portsmouth is secretary.

Scheduled for the same day as the convention is the conference of the Ohio Federation of Republican Women's Organizations. The two meetings will be climaxed with an address by Vice President Richard M. Nixon at a night rally in the RKO Palace Theater.

The GOP headquarters said 500 delegates and 500 alternates will be named to the convention. The event will be televised over an Ohio network. Another nationally-known Republican will speak at the federation conference, the headquarters reported.

Plans call for the state convention to open at 10:30 a.m. in the Palace Theater. Committees will begin deliberations immediately after the morning session is started and will submit reports before the noon recess. The convention is scheduled to resume at 7 p.m. after the recess.

The federation's conference is scheduled to begin at 12:30 p.m. with a luncheon in the Franklin County Veterans Memorial Auditorium.

Gov. C. William O'Neill, Sen. John W. Bricker and other candidates for state office will take part in the twin program, Republican headquarters said.

### Examiner Makes Report

## *Irregularities in Letting Of Contracts Observed*

State examiner's reports covering six units of county government were made public today.

The examiner, Patrick H. Power, made no major findings but referred a number of "irregularities" to the attention of Prosecutor Robert O. Stout. Mr. Power said he expects to finish his examination of some 10 remaining offices in about a month.

He has completed examinations in the offices of the county commissioners, auditor, clerk of courts, treasurer, the agricultural society and the law library association.

The law library association and agricultural society reports cover the period from Jan. 1, 1955, to April 15, 1958. Others are for the period from Aug. 27, 1954, to Nov. 12, 1957.

—:—

**SEVERAL** irregularities in letting of contracts were cited in the examiner's report of the commissioners' records. The examiner noted seven instances of contracts being let for work at the County Home, Courthouse, Children's Home and dog pound without certification from the auditor and prosecutor.

The report also disclosed that contracts over $1,000 were let by the commissioners to the Schneider Sheet Metal Shop ($2,392), Peacock Bros. ($1,617) and the W. C. Stumbo Co. ($2,250) without competitive bidding.

According to the report, the contract prices in each case were split into units of less than $1,000 contrary to lawful procedure.

These other facts concerning operations in the commissioners' office also were called to the prosecutor's attention:

A $5,000 surety bond required from each commissioner at the beginning of each term was posted by Commissioner Luther J. Mitchell at the end of his 1951-55 term.

A total of $465 paid to former clerk Walter S. Guthrie in lieu of two three - week vacations is termed an "irregular expenditure."

Payment of $180 in quarterly dues to the Marion Credit Rating Co. from Aug. 26, 1954, to Nov. 12, 1957, is termed an irregular expenditure of public funds to a private organization.

Advance payment of set monthly amounts to certain county officials to cover mileage expenses was branded irregular since the Ohio Supreme Court has ruled expense payments should be made after the expense is incurred.

Rental payments to heavy equipment operators in the county engineer's department for use of privately-owned automobiles when the operators use them to drive to and from the job site also was criticized. The report said the county rented the autos at the rate of 20 cents for each hour worked in the day and that a total of $3,875 was paid to 27 employes during the period covered by the report.

—:—

**IN THE REPORT,** Mr. Power said he firmly believed the commissioners acted in good faith in the performance of duties "relative to the repair and improvement of public buildings."

He also reported that "the commissioners are to be commended for the manner in which the various road, bridge and ditch improvements have been handled during the period . . . covered by this report." Mr. Power noted that the commissioners' journal was accurate and concise in some instances and lacking information in others.

Since accounts of the Veterans Memorial Coliseum were the subject of a special examination which ended Jan. 7, 1957, little mention of it was made in the agricultural society examination.

The report listed an unpaid balance due on notes the society issued to the National City Bank as $4,850, not including any interest paid during the audit period.

An examination of fines distributed to the law library association by the county auditor revealed an overdistribution. Mr. Power held that the law library association owes a total of $9.901 to the county and $2,126 to the city.

In his examination of the county treasury, Mr. Power referred to the prosecutor a $150 advancement of office funds by Treasurer Marion E. Hinklin to cover convention expenses for himself and office deputies. The examiner also held that an $88 advance salary payment to a county employe by the treasurer was irregular.

Although the law provides for payment of expenses incurred by county officials and their deputies at association meetings, the payment should be a reimbursement upon filing of itemized statements and receipts, the report said.

—:—

**THE EXAMINER** reported that the county auditor and his staff have done " a very commendable job in making . . . real estate and public utility tax settlements during the examination period" and that "the treasurer should also be complimented for his efforts in maintaining the amount of delinquent taxes as low as possible."

Clerk of Courts Margaret Howser was commended by the examiner for "the efforts put forth to maintain the proper records in a satisfactory manner." Mr. Power was critical, however, of the manner in which the cash book was kept during the administration of former clerk Calvin Oborn. He called the record "inaccurate and wholly inadequate."

## Ohio May Get New Group of Atom Projects

WASHINGTON (AP) — Several million dollars will be spent on Ohio - Kentucky atomic facilities next year - if Congress is willing.

The items are contained in a 377 million dollar atomic construction bill prepared by the Senate-House Atomic Energy Committee.

Spending would be at Fernald (near Cincinnati), Miamisburg, Ohio; Portsmouth, Ohio, and Paducah, Ky.

The Portsmouth-Paducah money is lumped with an expenditure for Oak Ridge, Tenn., so an exact total cannot be made for any of the three states.

The Ohio-Kentucky expenditures are believed fairly certain to be forthcoming. They have the approval of President Eisenhower, unlike a number of other items in the bill.

Details of the projects,

For Oak Ridge, Paducah, and Portsmouth gaseous diffusion A-plants - $11,900,000 for additional fire protection.

The Atomic Energy Commission says the work will be done at all principal auxiliary process facilities at the three plants having insulated metal roof deck construction.

This work is to include automatic sprinkler protection, extension of supervisory alarm systems, installation of metal shields and modifications to the lube oil system.

For Mound Laboratory at Miamisburg - two million dollars to strengthen an existing building for a special processing, details of which are secret. Extensive building changes will be required to accommodate the equipment to be installed.

For Fernald - $335,000 for a new building and equipment for a pilot plant to make special uranium shapes. The facility to be built will permit fabrication of special orders of normal and enriched uranium.

## Arrested by Patrol

James P. Partin, 24, of Delaware, was arrested by state patrolmen Friday on a charge of driving while intoxicated.

Partin, who was hospitalized Wednesday for treatment of a broken rib and body, was driver of a car which struck and broke off a power pole on Rt. 203 about 5:20 late Wednesday afternoon.

He was arrested by the patrol upon his release from the hospital Friday.

with a grocery store robbery following their escape.

State police Wednesday reported that the two fugitives told them Gulley had left them Tuesday night without any explanation. It was believed he was with them until that time, however.

In the communication received by Mr. Green at the institution this morning the Kentucky sheriff said Gulley is being held for return here to the local prison.

Mr. Green said officers here probably will go to Kentucky sometime next week to pick up Gulley and return him here by armed escort.

He has been considered a suspect in a burglary which occurred at Ley's Jewelry Store in Bucyrus the morning of the trio's escape. Merchandise worth nearly $1,000 was taken from the store shortly before the proprietor arrived for work, Bucyrus police reported earlier.

Since Murphy's dungarees were found discarded in Bucyrus that morning and a truck license plate was stolen, police believe the trio's presence in the city has been substantiated. Gulley probably will face questioning in connection with the burglary after he is returned here, it was reported this morning.

Gulley and the other escapees were serving sentences here on charges of robbery.

## Killed in Crash

CADIZ, Ohio (AP) — Robert Evans, 26, of (824 Lincoln Ave.) Steubenville was killed Friday when the car he was in crashed along U. S. 22 a mile west of here, the State Highway Patrol reported.

by Mrs. Dorothy B. Kerr since 1924.

Late Friday Adams blasted as "another malicious falsehood" a statement by Fox that Goldfine once said in the presence of Adams and Fox that Adams "is going to take care of" some troubles Goldfine was having with the Federal Trade Commission.

"I deny it ever happened," Adams said in a statement.

Subcommittee Chairman Oren Harris (D-Ark) halted Fox right after the controversial witness got in his statements about the House and the checks. But Harris left it open as to whether he would finally agree to hear Fox Monday in closed session, in line with repeated requests from Goldfine attorneys.

## Youth Charged

A Marysville youth was charged with failure to stop within assured clear distance after his auto struck the back end of another on Rt. 4, one-half mile south of Marion at 11 p.m. Friday, investigating state patrolmen of the local post reported today.

They said Roger L. Jolliff, 17, of Marysville was arrested after his southbound car struck a vehicle driven by Richard L. Rush, 18, of Richwood, who was preparing to make a turn.

According to the report, both autos were considerably damaged. No one was injured. Jolliff will appear in Juvenile Court here at a later date.

room construction in needy districts.

It corrected a typographical error in the form of a constitutional amendment which will appear on November's ballot permitting the formation of metropolitan federations.

It extended from 25 to 40 years the permissable period for which general obligation bonds may be issued for municipal sewer lines.

In the most part, Republican Gov. O'Neill got everything he asked of the GOP-dominated Legislature.

Gov. O'Neill said he would sign all the bills Saturday. Signing of the jobless pay extension bill will eliminate any delay in processing the applications for the added pay, since it becomes a law 15 days after the governor's signature.

**Stirs Most Opposition**

The anti-billboard bill, heavily promoted by one group of newspapers, drew the most fire and caused the most trouble.

In its final form, it prohibits billboards within 660 feet of relocated sections of the interstate highway systems. One-time fines of $100 to $1,000 are provided for violations. Violations must be reported by the state highway director to the common pleas court in the county in which the violation occurs for action.

The Senate delivered a farewell salute to its minority leader, Sen. Joseph W. Bartunek, Cleveland Democrat.

After a series of speeches by Republicans and Democrats alike, the upper chamber of the Legislature adopted by unanimous rising vote a resolution saluting Bartunek's service to the Legislature and the people of Ohio in his 10-year tenure in the Senate.

The resolution was sponsored by Senate Majority Leader C. Stanley Mechem (R-Athens) and Sen. Steven Olenick (D-Mahoning). Bartunek passed up a Senate candidacy in an unsuccessful attempt for nomination as a Cuyahoga County commissioner.

## Sea Lion

with Cyril at the western end of Lake Erie.

Cyril arrived in London June 17 from California where sea lions — a large type of seal with ears — are so plentiful in the Pacific they cause no excitement at all. They're not famous, either, and can be bought, as Cyril was, for $150, plus about $60 for shipping.

The day after he got to London, Cyril slid under a fence, dove into the Thames River and began a marathon swim of hundreds of miles—to Lake St. Clair, to the Detroit River, to Lake Erie, to Maumee River, to Sandusky Bay, and to fame.

Drowsy from the tranquillizer shots, Cyril was captured in a boat house on Sandusky Bay Friday by Skelton and Dan Danford, the zoo's curator of mammals. Danford slipped a noose over Cyril's head, and the wandering sea lion added his most recent mileage in the back of a station wagon.

## Telephone Co.

(Continued From Page 1)

ceive this award since the citation program was started some 18 months ago, Army officials said. Throughout the 20th Army Reserve Corps area in Ohio, Kentucky and West Virginia only 20 companies have been so honored.

General Telephone Co. of Ohio was chosen for the award on the recommendation of Lt. Col. H. I. Stecher, USA (retired), special studies engineer for General Telephone Co.

His recommendation was based partly on the fact that the company provides its facilities for use by Co. C, 307th Signal Construction Battalion in its reserve training. Commanding officer of Co. C is Capt. Charles A. Bowen, division manager of General Telephone Co.

Gov. C. William O'Neill, unable to attend because of a prior commitment, wrote to commend the company for " a job well done."

"Although I cannot be present," he wrote, "I will be with you in thought, and wish to convey my words of commendation for the honor which you have brought to Ohio. . . . Too frequently, I fear, the benefit and the need for accepting reserve opportunities and challenges during peace-time is overlooked.

"I trust that your example may serve to stimulate other companies and, indeed, citizens all over Ohio to more effective effort in this respect."

Also expressing his regrets at being unable to attend was U.S. Sen. Strom Thurmond of South Carolina.

He wrote that the company's "wonderful cooperation" with the reserve program is "a high mark of patriotism. . . ."

"If we had more companies and people in this country as interested as General Telephone Co. of Ohio in the welfare of America, we would have little to fear from any outside power with aggressive desires," wrote Sen. Thurmond.

Rep. Jackson E. Betts and John E. Henderson also expressed regrets at being unable to attend and extended their congratulations to the company by letter.

—:—

**IN MAKING** the presentation, Gen Zwicker said that a military unit must be able to shoot, move and communicate.

He said that as modern weapons were developed, military concepts changed and development of an efficient means of communication became an important problem.

Like other problems that periodically have been faced by the U.S. it was solved, he said. "We have always been able to overcome any obstruction placed in our path," he added.

Gen. Zwicker also commended the reserve training program and said, "Without reserves it is doubtful that we could win and could barely enter any conflict that may arise in the future."

In his talk, Mr. Williams called attention to the development of the telephone communications system in the U.S. He said it is the "envy" of the world and that we in this country have 64 per cent of all telephone service although we account for only seven per cent of the world's population.

Development of this system has been accomplished by 4,100 companies operating "in our climate of free enterprise," he said.

The General Telephone System, of which General Telephone Co. of Ohio is an affiliate, is one of the largest communications systems in the nation, Mr. Williams said. It provides one-third of all the telephone service to two-thirds of the land area of the U.S, he said. He noted also that both systems furnishes service to 25 per cent of the land area of the state, he sad. He noted also that both systems have grown rapidly in the last few years and that General of Ohio is in an area of enormous potential for future growth.

Others commending the company were: Mayor Wendell L. Strong and Maj. Gen. Leo M. Kreber, adjutant general of Ohio.

Toastmaster for the affair was Everett H. Krueger Jr., chairman of the Public Utilities Commission of Ohio. He too noted the rapid growth of the General Telephone Co. of Ohio in the last 10 years and commended it as "a good citizen of Ohio."

The invocation and benediction was by the Rev. Irvin W. Emmons, pastor of the First Presbyterian Church.

## Auto Accidents

Three minor no-injury traffic accidents were investigated Friday by Marion police. One accident was reported by local state patrolmen.

A car driven by R. E. Pershing, 28, of 183 Chicago Ave., which was stopped on W. Center St. just west of Main St., was struck from the rear at 10 p.m. Driver of the other car was R. L. Johnson, 26, of Crestline.

Each of the other two accidents in the city caused less than $100 total damage, police estimated.

## *Ashley Marine In Prison Will Wed by Proxy*

KINSTON, N. C. (AP)—A prisoner serving a life sentence in North Carolina for rape will marry his Ohio sweetheart by proxy.

Edward A. Keltner Jr. of Ashley, Ohio, signed a proxy Friday to allow his father to stand in for him at the wedding. It will be held in Ashley as soon as other necessary preliminaries are completed.

Alter Belle Mosher of Rt. 3, Marengo, Ohio, will be the bride at the proxy wedding. Miss Mosher had visited Keltner while he was being held in Lenoir County Jail here.

Keltner's parents were here Friday as Keltner was transferred to central prison in Raleigh to begin serving his life sentence. Young Keltner was a Marine stationed at Camp Lejeune, N. C., when he was convicted of raping a Lenoir County girl.

The marriage had been scheduled last December, the same month Keltner was charged with rape.

## Robbery Reported

Sheriff's' deputies today were investigating a report given them Friday night by a Crawford County man, Gerald Stiger of Rt. 4 just north of the Marion-Crawford County line. Mr. Stiger told deputies he was stopped by a car of four men Friday afternoon on County Road 83. He said they pulled a gun on him and robbed him of two dollars, his wallet and car keys and left him sitting in his car. The report was made at 6:40 p.m. Friday.

# Gordon's Debut Success; Tribe Beats Orioles 6-5

## Mossi Gets Win in Relief As New Pilot Looks On

CLEVELAND (AP) — Joe Gordon, new manager of the Cleveland Indians who says he doesn't go in for platooning, hopes to have a set lineup for the Tribe in a week or so.

"It will take a while because I want to get a good look at all the players," he said Friday night prior to the Indians' 6-5 victory over Baltimore in his debut as manager.

**Can Get 'Rough'**

The former Cleveland second baseman, who replaced Bobby Brágan as pilot of the Tribe Thursday night, said: "I'm usually a pretty easy going guy but you know I can get rough on occasion," in describing the managerial tactics that brought San Francisco a Pacific Coast League pennant last season.

Bragan visited the dressing room to bid the players farewell, but didn't stay for the game. He leaves today for his home in Fort Worth, Tex., and plans to weigh job offers while en route there.

He said he had received two offers to manage in the high minors, and that he probably would take one of them.

In Friday night's game Rocky Colavito drove in three runs with his 12th homer of the season and two doubles and Bob Avila hit his third home run of the year with a man on base as the Indians won the opener of their four-game series with Baltimore.

**Colavito Homers**

The Orioles scored a run in the second inning on a double play with no outs and the bases loaded, but the Indians went ahead with four runs in the third. Avila homered after Ray Narleski singled and Colavito smashed a home run with Vic Power on third via a triple.

Baltimore added another run in the fourth when Gus Triandos led off with his 16th homer of the year and then took the lead again in the fifth with a three-run rally that brought Don Mossi to the mound in relief of Narleski.

ONE OF THOSE THINGS. You might say that was what the pinch-hit double amounted to that robbed Billy Pierce of the Chicago White Sox of a perfect game Friday night. Pierce (right) watches teammate Jim Landis hold up one finger for the hit that kept him from immortality. Hurling flawless ball for more than eight innings, Pierce had registered two outs in the ninth when the Senator's Ed Fitz Gerald, sent in to pinch hit, slammed his first offering for a double down the right field line. The last regular season perfect game was hurled by Charley Robertson of the White Sox back in 1922. (UPI Telephoto)

## Busso Gets Victory Nod Over Ortiz

NEW YORK (AP)—"Champion of the East Side tonight, champion of the world tomorrow."

Johnny Busso was the self-proclaimed "champion" Friday night in his dressing room at Madison Square Garden after he had taken a split decision over previously-unbeaten Carlos Ortiz in 10 sizzling rounds.

Busso lives in Astoria in the Queens area of New York now but he used to live on the East Side on 20th Street. Ortiz, Puerto Rico-born and now a resident of the Bronx, used to live on the East Side on 28th Street. Ortiz hadn't lost in 27 previous pro fights.

Busso thought he won Friday night. So did two of the three officials but there were boos at the decision. A ringside poll of boxing writers found six voting for Ortiz, three for Busso and four calling it a draw.

Bill Recht called it 5-4-1 in favor of Busso. Judge Artie Schwartz had it 6-4 for Ortiz. The AP card was 6-4 for Busso.

Ortiz was the 9 to 5 favorite.

He has won 26 of 27 previous fights. The other bout ended in a "no decision" contest. Busso's record now is 34-6-1.

## Redlegs Sink Giants 6-5; Temple Is Star

CINCINNATI (AP) — Johnny Temple is a nimble, skilled, fiery second baseman with big ideas about hitting - his own hitting, of course.

Take his efforts Friday night, for example. The first time up he fanned. Same for the second and third times.

On his fourth chance, with the Reds behind by one run, he collected a single. But the chance to pull even died when he tried to reach home on Bob Thurman's double. Temple was out at the plate.

**Triples for Win**

His fifth trip vindicated him. He blasted a two-run triple that sank the San Francisco Giants, 6-5.

Those three strikeouts in a row are conspicious because they are so unusual. This tobacco-chewing South Carolinian who weighs only 163 pounds is one of the team's hitting mainstays with a .312 average. When the Reds were in an earlier slump, it was only Temple along with George Crowe and Don Hoak that hit consistently.

Temple still gripes about instructions not to try to hit certain pitches, often the first one to him.

"It makes me sick to see those good pitches go by," he said. "Time after time, I see those fat first pitches come right over the plate with nothing on them and I just stand there."

But he says he's not criticizing Manager Birdie Tebbetts on this, only that "I just don't agree with him."

His big ninth inning blast Friday night was set up by an error by Giant second baseman Ed Bressoud, whose muff of what looked like a routine fielding job put Gus Bell safely on first base. Pinch-hitter Walt Dropo followed with a walk.

**Lynch Gets Homer**

Then came Temple's triple.

The Reds hadn't been able to put an earlier run together after the second inning. Jerry Lynch's first inning homer had started Cincinnati scoring and the Reds put over three more markers in the second.

Hoak and Bell got that rally moving with singles and Roy McMillan walked to load the bases. Brooks Lawrence singled in one run and the first of three straight doubles by Bob Thurman brought in the rest.

A walk to Felipe Alou, Willie Mays' single and Daryl Spencer's hit into a forceout brought in one first inning Giant run.

The Giants cut down the Redleg lead in the third when Mays singled and Spencer followed with a homer over the left field wall.

San Francisco took over the lead, 5-4, in the fifth when Spencer singled and Orlando Cepeda whacked a homer.

### Fights Last Night

New York — Johnny Busso, 137½, New York, outpointed Carlos Ortiz, 137, New York, 10.

Melbourne — George Fleming, 129¾, Australia, stopped Bonnie Espinosa, 129, Philadelphia, 9.

## Yesterday's STARS

**Pitching** — Billy Pierce, White Sox, fell one out short of a perfect game, giving up a pinch double by Ed Fitz Gerald before nailing one-hit, 3-0 victory over the Senators with his ninth strikeout for his third consecutive shutout.

**Hitting** — Rocky Colavito, Indians, hit a two-run homer, then drove in tying run with his second double and scored the clinching marker for 6-5 victory over the Orioles.

## Elks Triumph Over Moose; Eagles Forfeit

Two Pony - Grad games were scheduled for Friday night, but the Eagles forfeited their game to the Moulders when they failed to field a full team. In the game that was played, the Elks triumphed over the Moose by a 5-2 tally.

The Elks scored three runs on five hits in turning back the Moosemen. The latter tallied once on a brace of safeties.

Elk stickmen accounted for an early lead by posting their initial score in the first frame. Moose tied it up at 1-1 in the second but the Elks came back to rack up single runs in both the fourth and fifth innings.

Larkin was on the hill for the victors, with Ansley charged with the defeat. Larkin aided his own cause by blasting a homerun.

## Farrell Is Plugged For All-Star Role

PHILADELPHIA (AP) — "There isn't another pitcher in the league who more deserves a spot on the All Star team," says Philadelphia Phillies Manager Mayor Smith of his ace relief pitcher Dick Farrell.

Smith put in the plug for his 24 year-old sophomore right-hander Friday night, the day before All Star Manager Fred Haney was to announce his National League pitching selections.

Farrell had just stopped St. Louis' six-game winning streak with his second extra-inning relief victory in two games. The Phillies prevented the second-place Cardinals from gaining on Haney's Milwaukee Braves with an 11-inning, 5-4 victory.

### Sandusky Car Wins

WATKINS GLEN, N. Y. (AP)—Driving her Elma Mark-2 at an average of 75 m.p.h., Suzy Dietrich of Sandusky, Ohio, raced to victory Friday in the ladies' event of the Glen Classic sportscar race program here.

## Haney Claims NL All-Stars Capable of Win

MILWAUKEE (AP) — Manager Fred Haney of the Milwaukee Braves, who will guide the National League team in the All-Star game at Baltimore July 8, says "never mind the window dressing, I'm out to win."

"If I have to use all eight pitchers, I won't hesitate to send them in," Haney told a news conference before Friday night's game with the Los Angeles Dodgers.

"If we can go out in front, then the starting lineup will stay in there until we win it."

Haney revealed the names of eight pitchers he will select but requested sportswriters not to use them until they are announced by the commissioners office tonight.

He said he had selected two National League managers to assist him and identified them only as "one who has never been in an All-Star game before" and "one who has not been in one for four years."

Tuesday night Haney told The Associated Press he would be guided by the first and second choices of players, coaches and managers voting in the poll for all positions except pitchers. He also said at that time that he would use all three catchers named to the team.

Under rules enforced for the first time this year, managers, coaches and players voted for players from any team in their league except their own.

## Ewing Is Feature King at Richwood

Stock car races at the Richwood Speedway went off on schedule Friday night, after two weeks of being rained out.

A good sized crowd was on hand to see Jim Ewing walk off with the feature event. John Coder was second, Todd Gibson third and Marion's Bill Kramer fourth. Kramer fell into the drag of the race after leading most of the way.

Gibson took the first race of the night, with Ewing and Coder trailing him across the finish line in that order. Clyde Looney captured laurels in the second event, with Jack Houseworth, Jim Tucker and Jim Hoffman following.

Hank Pavor grabbed third race honors, with Bill England and Pat James one, two behind him. Ewing was the victor in the handicap dash. Pavor and Coder finished second and third.

Kramer took consolation honors. Junior Brow and Ed Kramer were second and third respectively.

### Dave Sime Is Wed

## Pierce Robbed of Perfect Game on Double in Ninth

By JOE MOOSHIL
Associated Press Staff Writer

CHICAGO (AP)—"I'll never get any closer," smiled Billy Pierce after pitching 8 2-3 innings of perfect baseball only to have his bid for immortality ruined by pinch batter Ed Fitz Gerald's double.

With the Chicago White Sox leading Washington, 3-0, and two out in the ninth, Fitz Gerald was summoned to bat for pitcher Russ Kemmerer. He swung at Pierce's first offering and sent a clean shot down the right field line for a double.

**Crowd Cheers Effort**

A crowd of 11,300 — cheering Pierce's every motion from the seventh inning on — sat back stunned even after Pierce struck out Albie Pearson to end the game. Their boos for Fitz Gerald turned into cheers for Pierce only when the 31-year-old left-hander reached the Sox dugout.

Pierce, a 20-game winner the last two seasons, now has pitched shutouts in his last three starts to run his career total to 29.

"It was a curve ball and he hit it," said Pierce. "He was loose and swinging and there's nothing that can be done about it. It was almost as good a hit as the one I got in the third inning."

Pierce opened the third with a double to left and rode home on Jim Landis' single for the only run he needed. The Sox added another pair on Sherm Lollar's two-run single in the eighth and the tension mounted as Pierce began warming up in the ninth.

**Aparicio Helps Out**

Ken Aspromonte led off the ninth and bounced what appeared to be a hit through the box only to have shortstop Luis Aparicio make his second brilliant stop of the night and throw Aspromonte out.

Catcher Steve Korcheck stepped up, took a strike, swing and missed on the next pitch, fouled one off and finally struck out. Fitz Gerald came up and ruined Pierce's attempt to be the first pitcher to hurl a perfect regular season game in 36 years.

The last regular perfect game was by Charley Robertson of the White Sox Against Detroit in 1922. Don Larsen of the New York Yankees accomplished the feat in the 1956 World Series against Brooklyn.

### Motorcycle Club Meets

The Triangle Motorcycle Club met Thursday, with 24 members and one guest present. Plans were discussed for the 3-Star race to be held on the county fairground's track July 13.

## Women's Golf Tourney Final Is Under Way

DETROIT (AP)—This is showdown day in the U.S. Women's Open golf tournament and the race for the top money in the $7,200 event is still a wide open scramble.

In the first three places as the trimmed-down field of 40 swept into the 36-hold final were Mickey Wright of Chula Vista, Calif., Fay Crocker of Montevideo, Uruguay, and Louise Suggs of Sea Island, Ga.

Miss Wright, 1958 Ladies PGA champion and the leader through the first 36 holes of the Open, had an even par 146 over the Forest Lake Country Club layout.

One strike behind was the record-busting Miss Crocker, whose 68 in Friday's second round established an alltime mark in U.S. Open competition. The hefty South American wiped out a record she held jointly with amateur Barbara McIntire, Patty Berg and the late Babe Zaharias.

Miss Suggs has won just about every major tournament going and her steady 74 put her at 149, just three strokes off the pace.

Hard-luck Mrs. Jackie Pung, whose scoring error cost her last year's title, was six strokes out of the lead at 152. Alice Bauer of Paradise, Fla., and Vonnie Colby of Miami Beach were deadlocked at 153.

## Schiff, Baldauf In Little Loop Baseball Wins

In Little League baseball Friday, Schiff's trounced MPS, 13-8, and Baldauf, in the playoff of a tie game with Whirlpool June 17, beat the latter, 7-6, in a one-inning fracas.

Schiff's scored 13 runs on 11 hits and the victory gave them not only the game triumph but the first-round championship as well.

The victors sat idly by while MPS took a 4-0 lead on two runs scored in both the first and second innings. However, in the third frame, Schiff's landed on MPS for eight runs. After MPS got two more in the fourth. Schiff's tallied four times in the fifth and once in the sixth. MPS scored single runs in both the fifth and sixth sessions.

Warwick was on the mound for Schiff's to take credit for the win. Reish was charged with the defeat. All told, MPS got eight runs on nine hits.

Warwick struck out six MPS batters en route to victory; Reish got three and Flesher, who came on in relief, chalked up a pair of whiffs.

The Baldauf - Empire game played Thursday night wound up in Baldauf's favor by a 7-6 score. Anspaugh was the winning hurler.

### Youth Struck During Baseball Tilt Succumbs

ST. LOUIS (AP) — Philip J. Antoon, 9, hit on the side of the head by a pitched baseball at a Catholic Youth Center 10 days ago died of the injury Friday.

The boy was wearing a plastic batter's helmet and the injury at first was not believed serious. He walked six blocks to his home but became ill and was admitted to a hospital. There he lapsed into a coma from which he never recovered.

# Yanks Stretch AL Lead To 8½; Pummel A's 10-3

By ED WILKS
Associated Press Staff Writer

On June 15, 1950, Billy Johnson of the New York Yankees hit a fifth-inning single. On April 16, 1953, Bobby Young of the St. Louis Browns doubled with two out in the seventh. Friday night, Ed Fitz Gerald of the Washington Senators lined a pinch double with two out in the ninth.

**Misses No-Hitter**

Three isolated hits stretched over eight years—yet each was all that stood between southpaw Billy Pierce and a no-hitter. And Fitz Gerald's was the toughest crusher yet, puncturing a perfect pitching performance by the Chicago White Sox veteran after 8 2-3 innings.

But Billy, back on the beam after a terrible start this season, then turned his back on Fitz Gerald at second and struck out Albie Pearson, nailing a 3-0 one hit victory over the Senators for his third consecutive shutout and seventh by the White Sox in 12 games.

**Yanks Drub A's**

While Pierce was working on what looked like the first regular season perfect game since Charley Robertson of the White Sox did it against Detroit in 1922, the New York Yankees were drubbing second place Kansas City 10-3 and padding their American League lead to 8½ games again. Detroit broke a third place tie with Boston by beating the Red Sox 7-4, and Cleveland gave new manager Joe Gordon a 6-5 victory over Baltimore.

Ray Herbert, now 3-3, was the loser for the A's. Art Ditmar (2-0) won in relief.

The Red Sox' Jackie Jensen hit a two-run homer, his 20th, to regain the AL lead. Bill Fischer (3-3) was the winner for the Tigers.

Don Mossi (5-6) won in relief for the Indians. Billy O'Dell was the loser for an 8-8 record.

# *Whirlpool, Erie, Huber Take Victories in Friday's Softball*

In softball action played Friday night, Whirlpool took a 6 - 4 win from OSCO; Erie triumphed over the MPS nine, 5-3; and Huber-Warco pounded McMillen, 12-2.

Whirlpool scored six runs on eight hits, with Clidel and Augenstein the battery. OSCO managed four tallies on six hits, with Hensel twirling and Lemke catching.

The victors scored two runs in the first two in the third and two more in the fifth. OSCO got a pair in the intial frame, added single runs in the second and fourth innings.

With the count tied at 4-4 in the fifth, Whirlpool put together a brace of runs on a double and an OSCO bobble.

Erie, with Kunkle and Paul Daum the battery, scored five runs on three hits and made a pair of errors in downing MPS, 5-3. Bud Thorpe pitched for the losers, with Bob Higgins behind the plate.

Erie got two runs in the third and single tallies in the fourth, fifth and sixth. MPS, with three runs on four errors, got a pair in the third and one in the seventh. They were charged with five errors.

Huber-Warco had little trouble vanquishing McMillen, 12-2.

The victors got 12 runs on 12 hits, scoring once in the first, once in the second, twice in the third, once in the fourth, five times in the fifth and twice in the sixth to wrap it up.

McMillen accounted for single runs in both the third and fourth frames.

McKinniss, en route to the pitching victory, fanned 13 McMillen stickmen. Johnson was the catcher. Crabtree and Heimlich were the McMillen battery. Williams, Johnson and Miley all got a brace of hits for Huber, while McCrery banged a trio of safeties.

## Local Baseball 'Farm' Team Schedule Begins

Action in baseball activity for the Marion Baseball for Boys farm system began today, with four games scheduled. Approximately 160 youths from 9 through 11 years of age are taking part in the program.

The rosters are made up of youths dropped from Little League teams, plus youngsters getting their initial experience on the diamond.

Games are scheduled each Saturday through July, with a playoff between two teams chosen from all players slated for Aug. 2.

In charge of the unique program is Rudy Metzger, assisted by a veritable host of interested baseball enthusiasts.

## Down the Fairway

Sixty-three women took part in the weekly ladies day golf program Thursday at Marion Country Club.

Mrs. Fred Merchant turned in the low score of the day-long action. Low gross in B flight play was by Mrs. Lou Cummins with Mrs. Elmer Woltman, second. C Flight low gross winner was Mrs. R. G. Haldeman with Mrs. William Hamor second. Mrs. Cass Sisler won low gross in D flight play with Mrs. Paul Frey taking second place. Low net in the field was Mrs. John Tjaden and Mrs. Del Martin. Low putt honors went to Mrs. Paul Hunt, Mrs. Peg Hamilton, Mrs. W. R. Reichenstein and Mrs. Phil Guthery.

Eighteen-hole medal play will be held next week on the club's new 18-hole course. Mrs. Chester Campbell and Mrs. Herb Petrich will serve as hostesses. Action in the handicap tournament will begin Monday.

# Dodgers Clout Braves 3-1; Koufax Gets 6th Victory

By ED WILKS
Associated Press Staff Writer

It looks as though this is the year the Los Angeles Dodgers pocket the payoff on that $20,000 bonus southpaw Sandy Koufax collected in 1954.

Sandy's been right handy of late, winning three and saving another in a six-day span while the last place Dodgers have won six of seven in a come-alive drive that has produced their first four-game winning streak of the season.

**Koufax Gets 6th**

Brooklyn-born Koufax, 22, hit his one--season high with his sixth victory Friday night, a 3-1 complete game job that gave him a 4-0 lifetime record against Milwaukee. It also stretched the Dodgers' winning jinx over the Braves to nine in a row, seven this season.

While Los Angeles moved within six games of Milwaukee, the Braves' National League lead remained at 1½ games despite their third consecutive loss, their fifth in seven games.

The second place St. Louis Cardinals were beaten 5-4 at Philadelphia in 11 innings. And the San Francisco Giants, .002 percentage points behind St. Louis, lost 6-5 at Cincinnati. The Chicago Cubs took fifth place, cracking a tie with Pittsburgh with a 3-1 victory over the Pirates, who have lost seven in a row.

In the American League, the New York Yankees upped their lead to 8½ games, beating second place Kansas City 10-3. Detroit defatd Boston 7-4. Th Chicagoe feated Boston 7-4. The Chicago White Sox whipped Washington 3-0 and Cleveland defeated Baltimore 6-5.

**Farrell Gets Shutout**

Dick Farrell (5-2) won his fourth in a row with a one-hit, shutout relief over 2 2-3 innings for the Phils. Billy Muffett (3-2), the fourth Card pitcher, was the loser.

The Giants, down 4-1, hustled back on Daryl Spencer's 11th homer and Rookie Orlando Cepeda's 16th, both two-run shots, for a 5-4 edge by the fifth, then blew it in the 9th. An error by Ed Bressoud, a walk and Johnny Temple's triple packed it away for reliever Hal Jeffcoat (4-4). Marv Grissom (4-3) lost it in relief for the Giants.

Moe Drabowsky, the Cubs' bonus kid who gets married today, had a two-hit shutout until Johnny Powers' first homer in the eighth, then needed Bill Henry's relief in the ninth to gain a 6-7 record.

## Marion Timers Group Meets to Elect Officers

Thirty-six members of Marion's three hot rod clubs attended the organizational meeting of the Marion Area Timers Association Thursday night at the Marion Rebel Club's garage.

A charter was read and approved and the following officers were elected: Frank Finley, president; Don Caprino, vice president; Ralph Taylor, secretary; Ron Montgomery, recording secretary, and Pete Miller, treasurer.

The officers and board of directors will hold a meeting sometime early in July at the Marion Flywheel's garage.

# TV Highlights

**TONIGHT**

**5:30, WBNS, Air Power: "Pacific Pattern"** shows how American carrier-based air power was used in 1943-44 to support the invasion of Tarawa in the Gilbert Islands, and how this air armada neutralized the Island of Truk, "The Japanese Gibralter," in the Pacific, thereby making further American invasions easier.

**7:30, WTVN, Dick Clark Show:** Sixteen-year-old singer Paul Anka, leads the guest list along with The Diamonds, The Kalin Twins, Dan Lear and Fabian.

**7:30, WBNS, Perry Mason:** Attempts to commit a wealthy man to a mental institution bring a new kind of challenge to Perry Mason, especially when "The Case of the Rolling Bones" is shattered by murder.

**8, WTVN, Country Music Jubilee:** Jimmy Wakely is guest star on the show for which Jim Reeves is summer host.

**9, WBNS, Oh, Susanna:** Pat Boone is Gale Storm's special guest in a rebroadcast of their musical cruise aboard the S.S. Ocean Queen.

**9:30, WBNS, Have Gun, Will Travel:** A game of hare and hounds, western version, with Paladin as the hounded and the hunter, turns into an unforgettable adventure for the hero of the show.

**10:30, WLW-C, Joseph Cotten Show:** Gladys Cooper and Robert Middleton star in "The Tichborne Claimant." An Australian roustabout seeks to lay claim to the estates of one Lady Tichborne by passing himself off as her missing son.

**11, WBNS, Hitchcock Presents:** While a bridge is being properly dedicated by the good citizens of a small English village, a body suddenly floats onto the scene, in "Impromptu Murder."

**Movies Tonight**

**5, WTVN, "This Is My Love"** with Linda Darnell and Dan Duryea.

**2, WLW-C, There Is An Answer:** Dr. Roy A. Burkhart, in the ministry 23 years, will be the featured personality on a new series of counseling programs. Mrs. Nelson French, prominent young portrait painter, will assist him on this first program.

**5, WLW-C, Frontiers of Faith: "What Do You Mean—Free?"**, third in a series with Miss Bess Medarry, director of the Dept. of Social Service, Rhode Island Hospital, and the Rev. Howard A. Johnson, Canon Theologian of the Cathedral of St. John the Divine, New York City.

**7, WTVN, You Asked For It:** The armed robbery of a Cleveland bank, as filmed by a concealed motion picture camera, will be featured. Also included will be a demonstration of how insects, reptiles and animals may bear striking resemblances to human faces, and a visit to a razor blade eater's home.

**7, WLW-C, Bishop Sheen:** In "The Training of Children," Bishop Fulton J. Sheen discusses the fact that parents are at their best when they are simply what their children expect them to be.

**7:30, WTVN, Maverick: Bret** Maverick uses a long-odds poker trick to demonstrate the principle of reasonable doubt when he finds that he is the lone juror favoring acquittal in a homicide trial.

**7:30, WBNS, The Brothers: Gale** Gordon and Bob Sweeney, in the roles of bombastic Harvey and mild-mannered Gilmore Box, begin their rounds of escapades in "Girls, Girls, Girls."

**7:30, WLW-C, No Warning:** "Nightmare," story of a diplomat, Eduardo Cianelli, who scoffs at his wife's fears over a dream in which she saw him killed, until a phone call enmeshes him in the same circumstances as those she had invisioned.

**8, WBNS, Ed Sullivan Show:** From New York's Metropolitan Opera House, Ed Sullivan presents the widely acclaimed Moiseyev Dancers in a full-hour appearance. The program will consist of specially - selected comedy and folk dances.

**8, WLW-C, Steve Allen Show:** Singers Tony Bennett and Dorothy Collins, comedian Don Adams, seven-year-old trumpet player Sandra McCorkle and pianist Oscar Levant will be guests.

# Theater Attractions

**Following is a summary of the motion pictures that will be presented at theaters in Marion next week.**

## —Palace—

A dramatic western and a hilarious comedy are teamed for the Palace Theater movie fare to be offered Sunday through Wednesday.

The thrilling outdoor adenture, "Proud Rebel" is filmed in technicolor and stars the real-life father and son team of Alan and David Ladd. They also portray father and son in the motion picture. Co-starred is academy award winner Olivia deHavilland, and Dean Jagger.

The story is that of a father and son who travel to Illinois seeking medical aid for the boy who has been muted in the Battle of Atlanta during the Civil War.

Supporting roles in the Buena Vista release are shared by Cecil Kellaway, Dean Stanton, Thomas Pittman, Eli Mintz, James Westerfield and John Carradine.

George Gobel, Diana Dors and Adolphe Menjou carry the comedy in "I Married A Woman," a comical concoction of marital fumbles, feminine foibles and masculine martyrdom.

Jessie Royce Landis, Nita Talbot, William Redfield and Steve Dunne all help with laughs in the story set in the gray flannel ad jungles of Madison Avenue, New York.

The theater continues its summer series of Thursday matinees with "Francis in the Navy," four cartoons and a Three Stooges comedy to charm the children.

The holiday weekend double bill brings to the local screen "High School Confidential" and "Fort Massacre."

The inside story of high school activities stars Russ Tamblyn and Jan Sterling.

Seen in the cinemascope, color production of the outdoor adventure story, "Fort Massacre" will be Joel McCrea, Forrest Tucker, Susan Cabot, John Russell and George N. Neise.

Based on a true story of a U.S. Cavalry "lost patrol" in the great southwest desert, the story takes place during the Indian wars of the 1870s.

Although most of the story is based on fact, there is no "Fort Massacre" in American history.

## —South Drive-In—

The bonus feature for tonight at the South Drive-In is "Dragon Fly Squadron" starring John Hodiak. For next Saturday, the theater will have as a bonus attraction "Vera Cruz," with Burt Lancaster.

The Broadway scene from the inside—the curious jungle world of the Big Street's columnists, press-agents and entertainers—forms the background of "Sweet Smell of Success" which heads the double bill at the South Drive-In Sunday through Tuesday.

Burt Lancaster, playing a power-mad columnist, and Tony Curtis as a corrupt press-agent, head the cast which includes the new star, Susan Harrison, and Marty Milner, Sam Levene, Barbara Nichols, Jeff Donnell, Lurene Tuttle, Edith Atwater, Joe Frisco, Emile Meyer, Jay Adler, Queenie Smith and Philip Van Zandt.

This motion picture is a Hecht-Hill-Lancaster production.

The co-feature, "Chicago Confidential," co-stars Brian Keith, Beverly Garland and Dick Foran.

It is the hard-hitting expose of the ruthless element that has infiltrated into the powerful labor unions and is set against a background of Chicago's seamy waterfront district.

Joseph L. Mankiewicz's "The Quiet American" and the Columbia release, "Decision at Sundown" are scheduled for the South Drive-In screen Wednesday through Saturday.

The intensely exciting motion picture filmed in Saigon, Viet Nam, stars Audie Murphy as the quiet American, and gives major supporting roles to Michael Redgrave, Claude Dauphin and Giorgia Moll.

The picture tells the story of a cynical English journalist and young American idealist whose conflicting viewpoints become intensified when both fall in love with a lovely Vietnamese girl.

"Decision at Sundown" stars Randolph Scott, with a supporting cast of John Carroll, Karen Steele, Valerie French and Noah Berry.

**PAT BOONE** races motors and hearts as he co-stars with Dolores Michaels in the musical love story, "April Love," to play at the North Drive-In Theater Wednesday through Saturday with the western adventure, "The Naked Hills."

## —North Drive-In—

The psychological story of the lives of three men involved in World War II told in Irwin Shaw's book, "The Young Lions" is retold on the screen in a motion picture by the same title which plays at the North Drive-In Theater Sunday through Tuesday.

The film stars Marlon Brando, Montgomery Clift and Dean Martin as the three young soldiers and May Britt, Hope Lange and Barbara Rush as the women they love.

The picture was made on location in France and Germany.

A double feature has been scheduled for the Fourth of July weekend: "April Love" and "The Naked Hills."

Both films are in color and "April Love" which stars Pat Boone, Shirley Jones, Dolores Michaels and Arthur O'Connell, also is in cinemascope.

The story of young love, spiced with several top tunes, is set in Kentucky, with lush breeding farms and exciting harness races providing a colorful background.

The second feature, which is an outdoor adventure drama, has a leading cast of David Wayne, Keenan Wynn and James Barton. There will be late shows at the theater Friday and Saturday nights.

## —Ohio—

Diana Barrymore's true story has been made into a motion picture, "Too Much Too Soon," which stars academy award winner Dorothy Malone as Miss Barrymore and Errol Flynn as her famous father.

The film plays at the Ohio Theater Sunday through Tuesday with "Dangerous Youth" with admission to adults only.

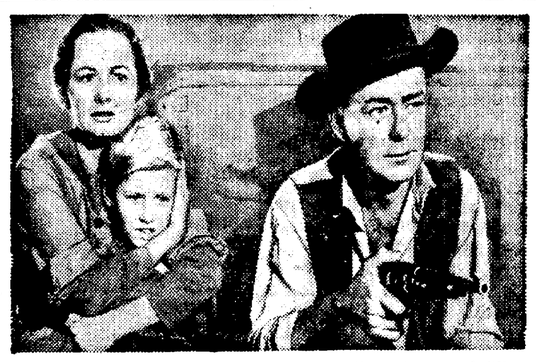
Efrem Zimbalist Jr. co-stars in the first film as Diana's first husband. Ray Danton is seen as Diana's second husband, tennis champion John Howard; Neva Patterson as Michael Strange, Diana's mother and prominent poet playwright and social figure; Murray Hamilton as a Hollywood producer; Martin Milner as her loyal admirer; Edward Kemmer as her third husband, actor Robert Wilcox; and John Dennis as John Barrymore's valet - bodyguard - nurse.

Telling the story of what happens when the Army gets its hands on the king of rock'n'roll, "Dangerous Youth" has a cast which includes Frankie Vaughan, George Baker, Carole Lesley and Jackie Lane.

Coming Wednesday at the Ohio is the movie version of that successful Broadway comedy, "No Time for Sergeants."

The Mervyn LeRoy production stars Andy Griffith in the story about the peace-time Air Force's hilariously unsuccessful attempt to indoctrinate a naive Georgia farm boy.

Also in the film are Myron McCormick, Nick Adams, Murray Hamilton and Don Knotts.



**DEHAVILLAND AND TWO LADDS** are the stars of "Proud Rebel" which plays on a double bill with "I Married a Woman" at the Palace Theater Sunday through Tuesday. That is Olivia deHavilland left), David Ladd (center), and his father in real life and in the picture, Alan Ladd.

**JULY 4**

There will be special 1:30 matinee at both the Ohio and Palace theaters on Friday, July 4th, theater spokesmen announced today. This will be in addition to the summer series of Thursday kiddie matinees being sponsored by the Palace Theater.

**DOROTHY MALONE**, portraying Diana Barrymore, gives an impromptu train-side press conference in a scene from the real-life story of John Barrymore's famous daughter, "Too Much Too Soon" which plays on an adults-only bill at the Ohio Theater Sunday through Tuesday with "Dangerous Youth."

## Legion Band Plays For July 4 Event At Parl. in Galion

GALION — The music that will spice Galion's Fourth of July celebration, the fifth to be sponsored by the Galion Lions Club at Heise Park, will be furnished by Scarbrough Post of the American Legion.

The post is sending its band of 36 pieces which this year is entering state competition for the first time since the band was organized.

The band which has been making many appearances here and throughout the district, is made up of top musicians from Galion, Bucyrus, Mount Gilead, Mansfield, Lucas and Perrysville. It is directed by Don Funk of Mansfield.

A German band from the organization, popular wherever it goes, is expected to be heard at the park.

The all - day celebration which will get underway at 10 a.m. will be climaxed with a fireworks display in the evening. Activities will feature four ballgames, rides, concessions, wrestling matches, music and other attractions. Harry Rogers is general chairman. There are three wrestling matches scheduled.

## Faculty Near Complete

Clyde Forry, superintendent of the Prospect School, says his faculty will be complete with the hiring of a junior high English instructor and an elementary teacher. No mathematics teacher is needed, as was reported Friday.

## Director Reports Given At Farm Union Meeting

The Marion County Farmers Union met Thursday night in the UAW-Union Hall on Leader St.

Directors' reports were given by John Ruth, Harold Clunk, Lawrence Weiss, Marion Wick and Carl Rider. Mr. Rider, the organization's youth chairman, also reported on the youth camp, slated to be held Aug. 3-6 at Clarksville.

The program was in charge of Robert Aiken, William Clunk and Carl Rider, and included a tap dance by Nancy Clunk, a polka by Janice Lichtenberger and Karen Rider and a brass quintet from the Green Camp community, composed of Arlan Hedges, Pat O'Hara, Richard Chard, Richard Brady and Gary Reynolds.

The next meeting will feature a potluck supper July 24, the final session until September.

ORDINANCE NO. 6366

**ORDINANCE TO PROVIDE FOR THE ISSUANCE OF NOTES IN ANTICIPATION OF THE LEVY OF SPECIAL ASSESSMENTS AND IN ANTICIPATION OF THE ISSUANCE OF BONDS TO PAY THE PROPERTY OWNERS PORTION OF THE IMPROVEMENT OF SEMINOLE AVENUE BY WIDENING BOTH SIDES OF THE EXISTING MACADAM PAVEMENT FROM WILLOW STREET TO WALNUT STREET: BY CONSTRUCTING CONCRETE CURBS ON THE WEST SIDE OF THE STREET FROM WILLOW STREET TO WALNUT STREET, BY CONSTRUCTING CONCRETE GUTTERS ON THE EAST SIDE OF THE STREET FROM WILLOW STREET SOUTH ABOUT 1040 FEET; BY SURFACING THE NEW AND EXISTING MACADAM PAVEMENT WITH ASPHALTIC CONCRETE AND THE CONSTRUCTION OF NECESSARY STRUCTURES FOR THE DRAINAGE OF STORM WATER.**

WHEREAS, the Council of the City of Marion has heretofore, by proper legislation, declared the necessity of improving Seminole Avenue by widening both sides of the existing macadam pavement from Willow Street to Walnut Street; by constructing concrete curbs on the west side of the street from Willow Street to Walnut Street, by constructing concrete gutters on the east side of the street from Willow Street south about 1040 feet; by surfacing the new and existing macadam pavement with asphaltic concrete and the construction of necessary structures for the drainage of storm water, and

WHEREAS, this Council contemplates the use of $24,300.00 for the purpose of paying the portion of the cost of said improvements which are to be paid by assessments.

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Marion:

**Section 1.** That it is hereby declared necessary to issue the bonds of the City of Marion in the principal sum of $24,300.00 for the purpose of raising money, in anticipation of the collection of special assessments for the improvement of Seminole Avenue by widening both sides of the existing macadam pavement from Willow Street to Walnut Street; by constructing concrete curbs on the west side of the street from Willow Street to Walnut Street by constructing concrete gutters on the east side of the street from Willow Street south about 1040 feet; by surfacing the new and existing macadam pavement with asphaltic concrete and the construction of necessary structures for the drainage of storm water.

**Section 2.** That said bonds shall be dated approximately July 1st, 1958, shall bear interest at the rate of 3% per annum, payable semi-annually until the principal sum is paid, and shall mature in ten substantially equal semi-annual installments after their issuance.

**Section 3.** That for the purpose of raising money in anticipation of the levy of special assessments and in anticipation of the issuance of bonds in anticipation of the collection of special assessments for the improvement as aforesaid, in accordance with the legislation heretofore passed by the City of Marion's Council with respect thereto, to pay the property owner's share of the cost and expense of said respective improvements, it is hereby declared necessary to issue and there shall be issued notes of said City in the amount of $24,300.00, which shall be placed to the credit of the Special Improvement Fund.

The appropriation hereinabove made for said stret improvement is subject to the qualification that interest at the rate of 3% per annum for the period prior to the collection of the first installment so to be levied shall be included in said amount, and the amount necessary to pay said interest is hereby appropriated for the payment thereof and for no other purpose.

**Section 4.** That such anticipatory notes in the amount aforesaid shall be issued bearing interest at the rate of 3% per annum, payable semi-annually. Such notes shall be dated the 1st day of July 1958, and shall mature on or before the 30th day of June 1959. Such notes shall be executed and delivered in such number and such denominations as may be requested by the purchase of such notes.

**Section 5.** Such notes shall be executed by the Mayor and City Auditor and bear the seal of the corporation. They shall be payable at the office of the City Treasurer, Marion, Ohio; they shall express upon their face the purpose for which they are issued and that they are issued pursuant to this Ordinance.

**Section 6.** All assessments collected for the improvements aforesaid and unexpected balances remaining in the funds after the costs and expenses of said improvements have been paid, shall be applied to the payment of said notes and the interest thereon until both are fully provided for.

**Section 7.** Said notes shall be first offered to the Bond Retirement Fund of the City and so many of the same as shall not be taken by said Trustees shall be sold at private sale by the City Auditor, but for not less than par and accrued interest, and the proceeds from such sale, except any premium and accrued interest thereon and the amount thereof necessary for the payment of interest prior to the maturity of said notes, shall be paid into the proper fund and used for the purpose aforesaid and for no other purpose. Any premium and accrued interest and the amount necesary for the payment of interest prior to their maturity shall be transferred to the Sinking Fund to be applied in the payment of principal and interest of said notes in the manner provided by law.

**Section 8.** Said notes shall be the full general obligations of the City and the full faith, credit and revenue of said City are hereby pledged for the prompt payment of the same. The par value to be received from the sale of the bonds anticipated by said notes shall, to the extent necessary be used only for the retirement of said notes at maturity, together with interest theron, and is hereby pledged for such purpose.

**Section 9.** In the event that such assessments are not levied or bonds are not issued to provide a fund for the payment of said notes at maturity, a general tax shall be levied against all of the property in said City for the payment of such notes and the interest thereon.

**Section 10.** The City Auditor is hereby directed to forward a certified copy of this Ordinance to the County Auditor.

**Section 11.** That this Ordinance shall take effect and be in force from and after the earliest period allowed by law.

ORDINANCE NO. 6362

**ORDINANCE AUTHORIZING THE SAFETY-SERVICE DIRECTOR TO ENTER INTO A CONTRACT WITH THE MARION COUNTY COMMISSIONERS FOR THE COLLECTION AND TREATMENT OF SEWAGE, AND THE MAINTENANCE AND OPERATION OF SEWERS IN MARION COUNTY SEWER DISTRICT NO. 1, AND ESTABLISHING RATES THEREFOR.**

WHEREAS the Marion County Commissioners have established Marion County Sewer District No. 1, and

WHEREAS, it is the desire of the City and County to enter into a contract whereby the City will accept the sewage from Sewer District No. 1 for treatment in its plant and maintain and operate the sewage system of the County.

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Marion, State of Ohio:

**Section 1.** That the Safety-Service Director is hereby authorized and directed to enter into a contract between the City of Marion and the Board of County Commissioners for the purposes of carrying out the preamble hereof which contract shall provide in substance as follows:

NOW, THEREFORE, in consideration of the promises and of the mutual covenants hereinafter contained, and for other good and valuable considerations, the CITY and COUNTY promise and agree:

**Section 1.** The CITY promises and agrees with the COUNTY, subject to the convenants and conditions hereinafter contained, to provide the necessary additional capacity and facilities to receive, and treat the sanitary sewage and wastes of the DISTRICT, as they may be collected in the DISTRICT by means of its intercepting and trunk sewers now existing or hereafter constructed, and to transport said sewage and wastes to the sewage treatment plant of the CITY and treat and dispose of the same in like manner as the sewage collected within the corporate limits of the CITY.

The additional facilities shall be provided in accordance wth Plate XIII of the Engineering report prepared by Floyd G. Browne and Associates, Consulting Engineers, dated February 13, 1957, at such times as the parties mutually agree for future sewer improvements.

The additional capacity and facilities to be provided immediately by the CITY shall be the extension of the twenty-four (24) inch Forest Lawn Boulevard Trunk sewer southwardly from its present terminus to the present corporation line of the CITY, a distance of approximately 1100 feet.

**Section 2.** The CITY promises and agrees with the COUNTY subject to the convenants and conditions hereinafter contained, to provide the necessary personnel facilities and equipment to operate, maintain and keep in repair the sanitary sewer system of the DISTRICT, excluding any private lateral service, but including any existing sewers within the DISTRICT connected to the CITY sewer system

**Section 3.** The COUNTY promises and agrees with the CITY, as necessity and conditions demand and require, to acquire or provide the necessary sanitary sewer facilities in the DISTRICT in accordance with the adopted general plan of the COUNTY for the sewer system in said DISTRICT (Said plan being described on Plate XIII of the Engineering Report of Floyd G Browne and Associates of Marion, Ohio, dated February 13, 1957), pursuant to and in the manner prescribed by Chapter 6117—of the Revised Code of Ohio, and in accordance with the regularly established rules and regulations of the COUNTY as adopted by the Board of County Commissioners for said DISTRICT.

**Section 4.** The COUNTY promises and agrees that it shall fix reasonable charges of rents to be paid by every person, firm, corporation, owner, lessor, or tenant whose lot, land or premises in said DISTRICT now has or may hereafter be served by a connection to said DISTRICT sanitary sewer system, or is accessible thereto, for the use of the sewers, sewage treatment plant and facilities. The COUNTY agrees that said charges of rents in the DISTRICT for nonresidents of the CITY shall be and are the same as those established by CITY'S Ordinances Numbers 5058 6040, and 6089 passed 9/27/48, 4/23/56 and 7/23/56 respectively, or any amendments hereto that are mutually agreeable to both parties hereto.

The COUNTY agrees that it shall fix a tap in charge in the amount of One Hundred Dollars ($100.00) to be paid by every person, firm, corporation, owner, lessor or tenant of any lot, land or premises in said DISTRICT who hereafter taps into any sewer now constructed or hereafter constructed in said DISTRICT, said tap in charge to be paid in full before said tap in is permitted The CITY agrees that the COUNTY may, in the acquisition of a sewer presently contemplated to serve Marion Plaza, Inc., The Marion County Home, Royal Oaks Subdivision and a portion of Zachman-Vernon Acres, in view of the excess costs being borne by the said parties in the construction of said proposed sewer, exempt and waive the payment of the tap in charge for the Marion Plaza, Inc., connections, the Marion County Home Connection, 51 connections in Royal Oaks Subdivision, and 52 connections in Zachman-Vernon Acres.

A schedule of the charges for rent for sewers service and tap in charges in said DISTRICT is marked Exhibit "C", attached hereto and incorporated herein by reference.

The COUNTY agrees that the CITY shall receive the above rentals and tap in charges and the CITY agrees to accept the above rentals and tap in charges in consideration of the CITY receiving, transporting and treating the sanitary sewage and wastes from said DISTRICT into and through the sewer system of the CITY, and supervising and inspecting the construction and connections and maintaining, operating and keeping in repair the sewer system of the DISTRICT.

It is mutually agreed that the terms of this Section shall not prevent the City from complying with the terms of its present sewer bond indenture.

**Section 5.** The COUNTY further agrees and hereby authorizes the CITY to collect directly from the persons, firms, corporations, owners, lessors or tenants of said lots, lands or premises in said DISTRICT the above rentals and tap in charges. The CITY shall bill directly said parties. Billing to and collecting from said parties shall be in the same manner and at the same time as the CITY now or may hereafter determine to bill and collect from others charged for sewer service.

**Section 6.** The CITY agrees that it will collect said rentals and tap in charges directly, and that the CITY shall assume, at its own expense, all administrative costs and responsibility for making such collections, relieving the COUNTY of all responsibility and liability for such rentals and tap in charges, provided however, that in the event that such persons, firms, corporations, owners, lessors or tenants charged and liable for the payment of said rentals or tap in charges fail to pay the same when due, the CITY, by its Safety-Service Director, may certify such delinquent charges to the COUNTY who shall certify the same to the COUNTY Auditor who shall place them upon the real property duplicate against the property served by such connections, to be collected by the COUNTY Treasurer in the same manner as other taxes, said charges upon being entered on the real property duplicate becoming a lien on such property, COUNTY agrees that upon the payment of such delinquent charges to the Treasurer of said COUNTY, said payments shall thereupon be paid to the CITY

**Section 7.** THE COUNTY FURTHER AGREES:

(A) That no connection shall be made to the sanitary sewer system of the DISTRICT until after the issuance of a permit therefor signed by both the COUNTY Sanitary Engineer or COUNTY Engineer and the CITY Engineer, and the payment of the tap in charge. Said permits shall be numbered consecutively. The CITY shall furnish permit forms to the COUNTY in triplicate, the COUNTY to issue initially the permit, which permit must then be signed by the CITY Engineer, who is hereby authorized to collect the tap in charge and remit the same to the CITY.

(B) That the CITY shall have the right to connect any sanitary sewers built by it to any of the sanitary sewers in the DISTRICT and to use such sanitary sewers in the DISTRICT without cost to the CITY.

(C) That the sanitary sewer system in the DISTRICT shall be used for sanitary sewage only and such waste and waste water as is permitted under CITY'S Ordinance No. 6040, and not for trade waste or surface water drainage.

That the user of said sanitary sewers in the District shall be governed by the same rules and regulations governing the use of the sanitary sewers of the CITY as long as said DISTRICT sewers continue to discharge into the CITY'S sewers; that only sanitary sewage and approved industrial wastes shall be permitted to be discharged into the CITY sewer system.

That industries desiring to use the DISTRICT sanitary sewers shall apply in writing to the Safety-Service Director of the CITY. Acceptance of industrial wastes for discharge into the DISTRICT sewer system shall be by written contract duly authorized by CITY Council and approved by the COUNTY.

(D) That the COUNTY shall adopt rules, regulations and rates pertaining to the use of the DISTRICT sewer system and specifications for the construction of sanitary sewers in the DISTRICT, which rules, regulations and specifications shall be at least equal to the requirements set forth in the rules and regulations governing the use of the CITY sewer system and the standards provided in the CITY'S standard sewer improvement specifications.

(E) That the plans, details and specifications for the construction of any main, trunk or lateral sewers, or sewer facilities, in the DISTRICT shall be submitted to and approved by the CITY Engineer, prior to the construction of the same. That the CITY Engineer or his authorized assistants shall have the right to enter and inspect any sewer, lateral or sewer facilty or structure services thereby in the DISTRICT at any and all times during or after the period of construction of said sewer, lateral or sewer facility for the purpose of ascertaining that all rules, regulations, plans, details and specifications are complied with.

(F) That the CITY Engineer shall have the right to establish the maximum allowable infiltration in the sanitary sewer system at the time of approving the detailed plans and specifications. Such infiltration shall not exceed 500 gallons per inch of diameter per mile of length per 24 hours.

(G) That it will not permit the discharge of any sewage from territory outside the DISTRICT without the consent of the CITY embodied in a contract form and executed according to law.

(H) That the COUNTY shall furnish to said CITY India Ink Cloth tracings of the sewer systems acquired or constructed in the DISTRICT and notify the Safety-Service Director of said CITY when construction work will start on any sewer being constructed in the DISTRICT, and of any major changes thereafter made in the sewer system.

(I) That the COUNTY agrees to enact and enforce rules and regulations governing the construction of house laterals and the use of its sanitary sewer system equal to those heretofore adopted by the CITY for its sewer system. That COUNTY shall require connections to the District sewer system by the owners of all premises within ninety (90) days from the date sewers are available for continuous use to such premises.

**Section 8.** The CITY further agrees

(A) To maintain record books for accurately recording "Y" measurements and permits issued to connect to the sewers in the DISTRICT, and to provide COUNTY with such record; and, to furnish to COUNTY the permit applications referred to in Section 7 (A), herein.

(B) That in view of the CITY maintaining, operating and keeping in repair the sewer system of the DISTRICT, and inasmuch as the plans, details and specifications for the construction of any main, trunk or lateral sewers or sewer facilities in said DISTRICT must be submitted to and approved by CITY PRIOR TO CONSTRUCTION, AND INASMUCH AS THE DISTRICT sewer system will become an integral part of the CITY sewer system for all practical purposes, and in consideration of the rentals and charges to be paid to CITY under this Agreement the CITY agrees that it shall perform all inspection of such construction while same is in progress and all connections to the sewer system for the purpose of ascertaining that such construction and connections within the DISTRICT complies with the approved plans, specifications and requirements of the CITY.

**Section 9.** IT IS MUTUALLY AGREED BY THE PARTIES:

(A) That the amounts established herein by the COUNTY as rentals and charges in said DISTRICT, to be paid to and collected by the CITY, shall continue in force so long as the rates and charges levied within the CITY remain unchanged by the CITY: provided, that upon a change in the rates and charges by the CITY within the CITY, this agreement may then be revised by the mutual consent of the parties hereto; and provided further, that the rentals and charges payable by the COUNTY shall be adjusted when the COUNTY liquidates the indebtedness and interest charges incurred by the CITY for the benefit of the COUNTY. Including the present amount of approximately $450,000.00 plus interest, and the portion of any future indebtedness incurred by the CITY for the benefit of the COUNTY.

(B) It is mutually agreed that the CITY shall make an accounting to the COUNTY each year by April 15 of the succeeding year of all sewer service revenue collected by the CITY from the COUNTY and the CITY alike and the distribution and allocation of these revenues in the manner as set forth in the Engineers estimates of Revenue and Expenses, Table 7 of the Engineering Report of Floyd G. Browne and Associates, dated February 13, 1957.

(C) That the revenue bond coverage for the portion of the CITY'S revenue bond issue financed by the CITY, and from which the COUNTY benefits, being a definite fractional part of the debt service requirements for said bond issue, shall be used, first: to create the debt revenue fund as provided by said bond indenture, and second: any excess not used for retiring bonds before maturity shall be deposited in a special account and rebated to the COUNTY at intervals of two years until all of said excess coverage has been paid to COUNTY.

(D) That the parties hereto mutually promise and agree that in the event the corporation limits of the City of Marion are extended so as to take in any part of the COUNTY sewer District No. 1, that part of the DISTRICT sewer system shall become the property of the City of Marion, free of any costs to the CITY. If General Assessment bonds have been issued to pay for the improvements in the DISTRICT, the Assessment shall remain with the property whether it becomes annexed to the CITY or remains in the DISTRICT. If COUNTY Revenue bonds have been issued to pay for the improvements in the DISTRICT, the CITY shall pay to the COUNTY an amount equal to the outstanding debt payable as said bonds are payable. If the CITY should annex only a part of the aforesaid DISTRICT, the CITY shall pay according to the same formula prorated.

(E) COUNTY further agrees that any completed sanitary sewers and necessary appurtenances defined herein for the use of any sewer district located within the City of Marion, or within any area which may be annexed to the City of Marion shall be conveyed to said CITY subject to provisions of Ohio Law, which CITY shall thereafter maintain, operate and keep in repair such sanitary sewer. COUNTY retains the right to joint use of such sanitary sewer for the benefit of the DISTRICT. The validity of any assessments levied to provide means for the payment of the cost of construction or maintenance of such sewer or any part thereof shall not be affected by this conveyance.

**Section 10.** It is mutually understood and agreed by the COUNTY and the CITY that this Agreement shall become effective and considered to be in force from and after the 25th day of May, 1958, for a period of twenty-five years (25) to finance the construction stipulated in Section 1. Either party shall have the right to review any of the terms of this contract upon written notice to the other party at intervals of five (5) years from the date hereof. It is not intended by this provision to qualify in any manner Section 9, Paragraph (A) of the Mutual Promises hereinbefore set forth.

**Section 11.** This contract includes the listed documents and exhibits, as well as this Agreement, all of which are as fully a part of this agreement, as if herein set forth in writing.

**Exhibit "C"**

# Buckeye Girls Staters Guests Of Mrs. O'Neill

COLUMBUS, Ohio (AP) — A murder trial went before the common pleas courts in Gray and Brown counties today as Buckeye Girls State moved into its eighth day. It ends Sunday.

While the courts of the mythical counties in the mythical 49th state were handling the trial, the General Assembly neared adjournment.

This afternoon, the 806 girls at the government workshop will leave Capital University, the site of the session, and have tea with Mrs. C. William O'Neill at the governor's mansion.

Tonight, the girl politicians will hold their annual awards dinner. Winners of various contests being held during the eight-day affair will be announced as well as the two representatives elected Friday to attend Girls Nation. The national version of Girls State will be held July 26-Aug. 1 at American University in Washington, D. C.

Speaker at the banquet tonight will be Dr. Nicholas Nayaradi, director of international studies at Bradley University, Peoria, Ill. Dr. Nayaradi is the former Hungarian finance director. He fled the country when the communists took control.

# Sesquicentennial Opens in Delaware

## City, County Plan Gala Celebration Until Friday

By JOHN ROBSON
Marion Star State Editor

DELAWARE — The Delaware City and County Sesquicentennial celebration moved into high gear here today following its successful opening sessions over the weekend.

A crowd estimated at close to 30,000 saw the kickoff parade Saturday afternoon and then large crowds turned out Saturday night for the opening performance of the Sesqui pageant, "Footpaths to Freeways," and Sunday for the religious heritage program.

—:—

**OPENING EVENT** of the 150-year birthday celebration of the city and county consisted of two balls Friday night at which the queen of the Sesquicentennial, Miss Cleone McNamara of Delaware, was named.

Miss McNamara was crowned Saturday night at the opening performance of the pageant by Rep. J. Harry McGregor, 17th District congressman.

The pageant, with a cast of nearly 500, will be repeated each night this week until the closing show Friday. A fireworks display will follow each performance.

The parade Saturday, originally scheduled to consist of about 40 entries, was swelled to more than five times that number by last-minute additions.

Starting with the car bearing Gov. C. William O'Neill, the parade moved steadily past the judges' reviewing stand for an hour and three-quarters.

—:—

**UNLIKE MANY** long parades which become tiresome through repetition of the same type of floats and other units, this parade kept the interest of the spectators alive by is wide variety and interesting displays.

There were horses, bands, pretty girls, commercial floats, a drum and fife corps, Indians, early explorers, antique cars, covered wagons, new autos, groups of Scouts and other marchers, an old fire engine, the newest Civil Defense mobile units and other entries designed to keep the spectators' interest.

There was a note of humor in

**SESQUICENTENNIAL OPENS.** Delaware city and county have opened their week-long Sesquicentennial celebration which will last through this Friday. Highlighting the opening ceremonies was a kickoff parade Saturday afternoon.

UPPER: Queen Cleone McNamara occupies the spot of honor at the rear of the queen's float, one of the first in line in the parade. The other members of Queen Cleone's court fill out the rest of the attractive float.

LOWER: Life in the "good old days" was depicted on this float entered by the Country Cousins. It was one of several showing conditions existing in the days of the log cabins and pioneers. Over 200 floats and other units were in the parade.

# Nickel Plant Chief, Aide Seized as Rebels in Cuba Press Kidnap Campaign

## Actions Are Branded as Publicity Bid

### Fidel Castro Hoping To Attract Attention To Sputtering Revolt

(Picture on Page 10.)

HAVANA (AP) — Rebels struck again today in their bold campaign of kidnaping Americans and other foreigners, seizing two plant officials in eastern Cuba.

The new stroke was announced by the U.S. embassy as U.S. Consul Park Wollam negotiated with the rebels in the mountains for the release of 39 other kidnaped Americans and 2 Canadians.

Sherman Avery White, general manager of the big U.S.-built Nicaro Nickel plant, and his assistant, J. Andrew Poll, were carried off by a band of eight rebels.

**Follows Pattern**

The swift seizure by rebels, who left no trace, was of the same pattern as the previous abductions last week. All are believed designed to draw attention to rebel leader Fidel Castro's sputtering revolt against President Fulgencio Batista.

U.S. embassy sources said Wollam still was in contact with the rebels in the mountains of Oriente Province but there was no indication when the men would be released.

After Castro's war of nerves fizzled three months ago, the rebels withdrew to the hills and remained relatively quiet. Cuba had begun returning to normal.

**12 Engineers Held**

Then last Thursday night the rebels seized 10 American and two Canadian engineers at the isolated Moa Mining Co. on the northern coast of Oriente.

The rebels' biggest catch was the excursion party of 27 U.S. sailors and Marines. They failed to return to Guantanamo on schedule Friday night and their empty bus was found Saturday afternoon. Two Cubans, presumably the driver and his assistant, also were reported missing.

Although the U.S. Embassy reported the men were forced from their bus and driven into the mountains, there was no public expression of fear for their safety or that of the other captives. Wollam was told by a reliable rebel source that the 12 engineers were in good shape.

The current wave of kidnapings was preceded by a rebel charge that the United States was allowing Batista's air force to use the Guantanamo airstrip as a base from which to bomb Castro's mountain hideouts.

This was promptly denied by U.S. Ambassador Earl E.T. Smith.

**CREW WORKS ON SEMINOLE AVE.** Preparations being made for construction of a concrete gutter on the east side of Seminole Ave. are shown here. Plumley Contractors completed part of the gutter last week and constructed curbs and gutters on the west side of the street. Once the gutter is completed the street will be paved. A similar project is scheduled for Mandana Ave., also by Plumley Contractors. Both projects are to be completed before school opens in the fall.

## Probers Quiz Ex-Publisher For Third Day

### Fox Alleges Adams Tried 'To Hush Up' Talkative Goldfine

WASHINGTON (AP) — Ex-publisher John Fox swore today that Sherman Adams had tried to hush up Bernard Goldfine and prevent him from boasting that Adams had never let him down.

Fox thus flatly contradicted a denial by Adams, President Eisenhower's principal assistant, that Goldfine made such a statement in his presence.

This came after the House subcommittee hearing testimony by Fox for the third day clamped down on Fox, refusing to let him read a new statement in the probe of the Adams-Goldfine case.

**Repeats His Story**

Fox, stormy Boston financial figure, repeated with details his story of a conference in the Sheraton Carlton Hotel here involving Adams and Goldfine and of Goldfine's subsequent boast to Adams.

Goldfine, wealthy Boston industrialist, was having difficulties at the time—May, 1955 — with the Federal Trade Commission over labeling of some of his textile factory products.

After the conference with Adams, Fox said, Goldfine called Fox into the room for a drink and proposed a toast to Adams, who "never lets his friends down and isn't letting me down now."

**'Kidding Remark?'**

Rep. Joseph O'Hara (R-Minn) asked Fox whether this was "a kidding remark."

Fox said he didn't know, but "Adams took Goldfine by the arm to a far corner of the room and quite obviously admonished him not to talk too much."

Chairman Oren Harris (D-Ark) interrupted to admonish Fox not to testify about things he did not know himself.

But Fox insisted.

"From the snatches of conversation I got and Mr. Adams' obvious concern" he knew he "was telling Mr. Goldfine to keep his mouth shut," he said.

Adams in a public statement Friday specifically denied that Goldfine made any such remark in his presence.

Tripoli Area Suffers

## Long-Drawn-Out Crisis 'Sickening' for Lebanon

By WILLIAM L. RYAN
AP Foreign News Analyst

TRIPOLI, Lebanon (AP) — In this normally quiet little city of northern Lebanon people are getting sick of their nation's drawn-out crisis.

They don't even know what to call it, but whatever it is they have been hurt cruelly.

"Call it a fight, call it a national sickness if you like," one young officer said sadly, "but don't call it war. They are our brothers up there in the hills and we don't make war on our brothers."

**Main Source of Opposition**

Whatever it is, this thing has been torturing the people of the Tripoli area. Christian fights against Christian, Moslem against Moslem — and Christians and Moslems fight together against the government. It's not a conventional war up here at all — it's all mixed up.

This area is one of the main sources of Christian opposition which is insisting that President Camille Chamoun, himself a Christian, resign under fire. Tripoli is predominantly a Moslem town with many people akin to the neighboring Syrians, but the dominating factor has always been a sort of Christian aristocracy.

**Fire Down Into City**

Day after day people stay in their homes while bullets whistle through the city and shellfire thunders in the hills. Most of the city's shops are closed. Only a few grocery stores remain open in the old part of the city. The streets are deserted except for a few stray pedestrians and a trickle of automobile traffic.

Entrenched rebels are able to fire down from the city's hillsides into the security force positions in the streets. Spokesmen for the security forces give this picture of the rebels:

Inside the city proper there are 350 rebels.

Ten to 15 miles north of Tripoli the army is holding a long line against determined hit-and-run attacks by rebel forces who may number in the thousands.

## Hardin Youth Killed as Car Rams Bicycle

KENTON — A 9-year-old Dunkirk boy, apparently frightened by the horn of a passing car, rode his bicycle into the path of the car at 1:30 p.m. Sunday and was killed.

State Patrolman Roy Hoylman identified the boy as Melvin Tackett, son of Mr. and Mrs. A. T. Tackett of Dunkirk.

He said the boy apparently became rattled when Gary Lee Stevenson, 17, of Dola blew his car's horn at the boy before passing him on Rt. 81 a mile west of Dunkirk.

The boy swerved his bicycle into the left lane and was struck by Stevenson's car which also was in the left hand lane going around him.

Patrolman Hoylman said Stevenson then lost control of his car and it went into a ditch pinning the boy underneath. Dr. H. R. Johanson, Hardin County coroner, ruled the death accidental and said the boy died instantly of a fractured skull.

No charges have been filed in the accident, but Patrolman Hoylman said it is still under investigation.

Melvin H. Tackett was born July 26, 1948, at McGuffey to A. T. and Nancy England Tackett. They both survive.

Also surviving are four sisters, Mrs. John Miller and Mrs. Fred

## Walkouts Hit Chrysler; Car Truce Wavers

### Plymouth Assembly, Body Plants Close as Dispute Is Reopened

DETROIT (AP) — Plymouth body and assembly plants of Chrysler Corp. in Detroit were closed today shortly after the start of the day shift, idling 2,700 workers in a recurrence of a dispute which shut the plants last Friday.

The company said some trim department workers again refused to do work assigned them. About 1,500 other employes were sent home.

A body shortage resulted at the assembly plant, making it necessary to lay off 1,200 employes there, the company said.

Union officials had no immediate comment. Last week they accused the company of a speed-up.

The dispute started Friday. Chrysler charged two supervisors

Soviet Charges Denied

## Thompson Asks Release Of 9 American Airmen

MOSCOW (AP) — U. S. Ambassador Llewellyn E. Thompson Jr. today asked the Soviet Foreign Ministry for the immediate release of nine American airmen forced down inside Soviet Armenia.

Thompson was ordered from Washington to transmit his government's denial of Soviet charges that the plane, an unarmed DC6A Air Force transport, had deliberately trespassed into the Soviet air space. The U. S. Defense Department suggested that the aircraft was flying above an overcast on instruments and strayed off course.

The ambassador also was expected to request that embassy representatives be permitted to visit the detained airmen.

The Soviets previously reported that the plane, forced down Friday by two Soviet jets, burned on landing but that the six officers and three airmen aboard were unharmed and are being well cared for. Presumably the Americans set the plane afire to keep the Soviets from getting its classified equipment.

They are the second group of nine American military personnel held by the Communists. The East German Reds have been holding nine U. S. Army men since their helicopter got lost in a thunderstorm June 7 and ran out of gas over East Germany. The United States has been trying to get the Soviets to secure release of the Army men, but the Soviets say it's a matter for negotiations between the United States and the East German regime.

The plane downed in Armenia was en route from Weisbaden, Germany, to Tehran and Karachi with cargo for U. S. military and diplomatic missions in Iran and Pakistan.

End Boycott Threat

## Russians To Take Part in Atom Talk

GENEVA (AP)—A Soviet official indicated today the Russian scientific delegation will show up for the opening Tuesday of East-West talks on ways to prevent cheating in any world nuclear test ban.

A remark by Pavel Shakhov, secretary of the Soviet delegation which arrived Sunday night, went a long way toward clearing up doubts about Soviet participation.

On a visit to the U.N. European headquarters here, Shakhov was asked if the Russians intended to take part in the talks.

**'Seems Obvious'**

"It seems obvious," he replied. "We would not be here if there were no conference."

The Russians scheduled a meeting with Pier Pasquale Spinelli, the U.N. director who is coordinator for conference arrangements. Spinelli has met with top-ranking Western scientists here for the conference.

The Western delegates went ahead with their plans for the conference on the assumption that the Russians will show up.

"The fact that a Russian delegation is here suggests they will meet with us," said the U.S. chief delegate, Dr. James B. Fisk. He met with the delegates from Britain, France and Canada.

**Threatened Boycott**

The Soviet Union threatened to boycott the conference unless the United States would agree beforehand to make a test ban itself the chief aim of the talks. The United States refused.

U.S. Ambassador Llewellyn E. Thompson delivered a U.S. note to Soviet Foreign Minister Andrei Gromyko in Moscow this morning. It was understood the note explained once again the U.S. position.

Fisk said the meeting of Western scientists was entirely on technical questions.

Meeting with Fisk were Sir John Cockcroft of Britain, Prof. Yves Andre Rochard of France, and Dr. Ormond Solando of Canada.

A seven-member Soviet advance party arrived Sunday night. It included the delegation chief, Prof. Yevgeni K. Fedorov.

Eleven more scientists and aides were expected from Prague today, presumably delegates from Czechoslovakia, Poland and Romania to round out the Communist group.

Arrival of the Russians raised Western hopes that Moscow would not carry out its threat to boycott the conference unless the United States in effect committed itself in advance to a suspension of nuclear weapon tests. But Fedorov, asked whether his group would take part in the conference, would only say, "we will wait and see. Please be patient."

**Has 3-Stage Plan**

The United States has maintained all along that the conference must be concerned only with the technicalities of enforcing any test ban and not with the political issue of the ban itself.

Fisk, the American delegation head who is vice president of Bell Telephone Laboratories, has recommended that the talks progress through three stages.

The first would take up a scientific and technical review of methods for detecting nuclear explosions in far-distant places. In the second stage the delegates would seek to work out how and where inspection posts would have to be set up to insure that no secret tests were being conducted.

Only in the third stage would there be discussion of political problems involved in the establishment of a warning system.

## Racketeers Under Fire By Senators

### Hearings To Show Syndicates Preying On Business, Labor

WASHINGTON (AP) — Senate rackets probers set out today to show that a powerful underworld syndicate is fattening on helpless businesses and labor unions.

Chairman John L. McClellan (D-Ark) and counsel Robert F. Kennedy of the special investigating committee pictured the probe as aimed at unmasking schemes in which they said:

1. Organized racketeers, operating behind respectable fronts, infiltrate and make collusive labor contract deals with labor unions, thus gaining unfair advantage over legitimate competitors.

2. Racketeers quietly muscle in on businesses which they use as fronts, pouring into them profits from narcotics and gambling. The objectives here are to conceal unlawful sources of this income and to get a financial edge over competing firms.

Kennedy told a news conference: "There is no question that there is an underworld organization that has leadership, that has authority, and that takes action

## De Gaulle, Macmillan Continue Paris Parleys

PARIS (AP) — French Premier de Gaulle and British Prime Minister Macmillan declared today they have reached an understanding for close cooperation.

A joint communique issued at the end of two days of talks said the two leaders were in complete accord on the necessity to defend the free world.

De Gaulle and Macmillan renewed the bonds of friendship and esteem forged 15 years ago when they were in Algeria working together to defeat the Nazis, the communique said.

**DeGaulle Is Host**

The two chiefs of government held their discussions at De Gaulle's office. British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville met at the Foreign Ministry.

The communique did not mention specific subjects discussed.

Informed sources said, however, the two leaders were far apart on De Gaulle's plan to make France an atomic power and Macmillan's desire for the formation of a 17-nation European free trade zone.

A diplomatic spokesman said the British listened to France's bid for more support in gaining atomic arms, but no change in the British position resulted.

**Favor Restricted Control**

Britain and the United States feel that the fewer nations that possess the atomic bomb the easier it will be to reach an atomic disarmament agreement. France agrees in principle, but feels that in the absence of a general disarmament plan that the French should have their own atomic weapons.

The British have been attempting to hurry France into a 17-nation free trade area to complement the six-nation common market plan already agreed to by the Continental European powers.
